PYRAMID INCANTATIONS of the ANCIENT EGYPTIANS

The Ancients’ Way to Money, Luck and Power

Carl Nagel
INTRODUCTION

For the Keeper of the Purple Twilight.
The place is: an area of the vast desert plains of Egypt. The time is: over three thousand years ago. The subject is: the releasing onto the earth of an awesome occult power. The Great Pyramid is gradually, very gradually, being built by legions of half-naked slaves. Their bodies are burnt raw by the intolerable heat of the blazing desert sun as they are unmercifully forced to drag massive stone blocks, each an unbelievable 2½ tons in weight, inch by terrible inch, foot by agonizing foot, mile by unbearable mile, across the burning desert sands.

At least, that’s what the movies have had us believe for the past fifty years or so. But there are those in the world today who doubt. After all, they remark, over two million such stone blocks were required to erect just one such silent monolith, and there was just not enough people in those days to accomplish such a monumental feat.

Is it possible that the pyramids were built another way? I believe that they were, by means of amazing occult powers brought to earth by a civilization from beyond the stars.

I call this unearthly power: Pyramidal Energy, the power used and perfected by the ancient Egyptian Magi to attract happiness, love and prosperity.

Now you, too, can begin doing the very same thing in your life.

THE SURGING POWER OF PYRAMID SPELLS AND RITUALS

Does magick really work? Today, more than ever before, ordinary men and women are turning to the Sacred Sciences for help in attracting more money, love, health, and happiness into their lives to enjoy peace of mind. Sceptics don’t bother these people. Laughing and smiling all the way to the bank and the bedroom, why should an unbeliever worry them? Now you, too, can start the magickal forces of Pyramid Power Spells and Rituals working for you, instead of as they have been – against you.

Here’s just some of the things this ancient magickal power can do for you:

* You can start to have money in the bank to be used over and over again!

* You can create powerful magickal talismans to attract love, happiness, power, and prosperity – endlessly and automatically into your life!

* You can discover the secret spells and rituals which will enable you to invoke the help and assistance of invisible yet powerful Egyptian Gods to aid you in life!
* You can begin to have better health, more vitality, and a longer life!

* You can gain mystical enlightenment into the ancient mysteries of the Pyramids!

* You can begin to make perpetual good luck and success a part of your life with the Ritual of Unas!

...and that’s just the beginning!

**I’M TALKING ABOUT A LIFETIME PLAN**
This book is, in effect, a Lifetime Plan for you to discover, study, digest, assimilate, control and direct this incredible occult power. It is a means by which you begin to influence and manipulate any event or situation in much the same way as the ancient Egyptian Magi did when the world was fresh and clean. And it’s yours for the taking.

HOW RA WORKS HIS MAGICK THROUGH THE SEEDS OF NATURE AND ALL LIVING THINGS

You can become closer to this Supreme God of the Ancient Egyptians, by becoming more aware of how His creative energies manifest through a living creature and in the seeds of trees and flowers, the animal kingdom and all mankind. These seemingly separated and independent expressions of creative intelligence share a common bond of mystical unity. Within all are the spiritual essences – behind all creation, from which all material things were formed when Time and Space were brought forth from the Invisible Dimension of Eternal Light and Perpetual Regeneration.

To ensure that Ra’s omni-potent presence continues to influence the events of the material world, these spiritual fragments of the ancient lifeforce are manifested in all living creatures at the moment of conception and in the seeds of nature.

Realize this Ancient Truth.

The next time you enjoy the aromatic fragrance of a beautiful rose or sit beneath a shady tree one hot summer’s day, know that these are, in fact, very real and tangible expressions of Ra – Supreme God of the Ancient Egyptians, and the motivating force behind all creation.
HOW TO HELP ENSURE THE SUCCESS OF YOUR PYRAMID POWER SPELLS AND RITUALS

The major difference between those Pyramid Power Spells that will work and those that will not work for you, will invariably be due to the amount of desire and genuine faith in oneself and the rituals or spells, or lack thereof. This is important to keep in mind as you tread the often frustrating path to the fulfillment of wishes through the implementation of magick in one’s life.

THE MAGICK COMMAND THAT WILL BRING PYRAMIDIC ENERGY FLOWING INTO YOUR LIFE

The majority of Pyramid Power Spells and Rituals to be found in this book will require you to “close your eyes and relax,” because physical tension of any kind will tend to block one’s ability, and interest, in becoming totally involved with the chosen magick rite or ceremony. So it is most important to learn a quick and easy way of relaxing every muscle and nerve of the body.

Sit in a comfortable chair in a darkened room. Loosen any tight clothing you may be wearing. Close your eyes and softly recite the following magick command to yourself. If you happen to have a tape recorder handy, you can make a recording of the command and listen to the words of the command with your eyes closed.

“The tension is flowing from my body. My feet are becoming more and more relaxed. Totally relaxed and tension free, I am gradually slipping ever deeper into a state of total relaxation.”

“My legs are becoming relaxed and tension free, allowing stress and uncertainty to leave my body. I am sinking deeper and deeper—drifting further and further—into a state of complete relaxation where only my desires have meaning. My bottom and stomach are both beginning to relax and let go. I am free from tension of any kind, relaxed and at peace with the world.”

“Sinking deeper and deeper into the tranquil existence of total relaxation.”

“My chest and back are beginning to relax, the tensions flowing away allowing my body to enter a relaxed, tension free state where fear and worry are unknown. My arms and shoulders, my neck, and my head are now completely relaxed and tension free. I am relaxed.”

Your are now ready to begin the Pyramid Power Initiation.

HOW TO BEGIN CREATING A NEW TOMORROW

Part I: (A) Used to develop the power of creative imaging.

Pyramid Power Magick Incantation

AUM – P – TAH – RA – AUM

This pyramid Power Magick Incantation should be repeated nine times prior to beginning. If you have difficulty in developing this occultic power, the Incantation should be repeated until your inner psychic and occult powers become sufficiently energized to help draw your desires, dreams, and wishes to you in their tangible forms.

Every form of Ritual Magick requires the magician to visualize the desired outcome of the ritual—i.e., the fulfillment
of wishes in the most practical and logical way. Those who feel they are skilled experts in creating clear mental images need not concern themselves with this stage of the initiation into the Ancient Mysteries; if, however, you are unsure as to your ability in this respect, then I urge you to diligently study and practice this unique psychic gift.

Begin the exercise by closing your eyes and relaxing.

The power of creative visualization (imaging) is just one of many Pyramidic energies which you can use to virtually change hardship to plenty, sadness to happiness, and every other area of your life in a matter of weeks – sometimes, even a few days. With this Pyramid mind power force you can actually begin to materialize more money, power, and personal happiness into your life – as if by magick. You can now begin drawing to yourself each and every material and emotional wish you have ever truly desired to realize.

With the motivating power of creative visualization, you create a vivid mental image of that, which you desire the most, to appear, and then impress it upon an imaginary screen before your mind’s eye. This mind image of visualized desire will begin at once to stimulate the correct pyramidic vibrations, evoked by the Pyramid Power Magick Spells and Rituals contained in this book, with which to create each condition, event and/or situation required for the gradual materialization of dreams, hopes, and wishes. Your every thought and act can then be directed, sometimes unconsciously, towards the success goals you desire to realize in your life.

Pyramidic energies, stirred into action by the chosen spell or ritual, will begin to flow through the Seven Occult Mind Centers, giving you intuitive and creative insight on a much higher level of awareness than the material dimension that you are now existing in. This ancient power force will flow freely – bringing every last one of your wishes into glorious reality.

Your visualized desire becomes a giant pulsating and everlasting vortex, drawing into its center all the pyramidic energies forming a vast and limitless power with which to crystallize and materialize a powerful desire into solid reality.

This omni-potent pyramidic power once generated through creative visualization, will continue to work day and night – even while you sleep, to bring each and every one of your secret desires to pass. You possess the power to work a genuine miracle in your life.

Creative visualization can accurately be described as daydreaming with intent and purpose. Most daydreams are, by their very nature, a two-dimensional image of unconnected thoughts devoid of direction or purpose. The mind images created by visualization must have depth of character, richness of color, and most important of all – a sense of purpose. Strive to create the most vivid mental image that you can. Feel that if you were only to reach out before you could in fact touch the visualized object/person, such is its richness of reality. Know that Pyramidic energy will help make it appear in your life.

Use This Pyramidic Energy Exercise to Help Develop the Power of Creative Imaging

Now that you have learnt, and hopefully understand, the basic facts behind the occult power of creative imaging you are now ready to begin developing its power.

The proper steps to take to activate the creative power of the ages within you are as follows:
1. Take the phone off the hook, turn off the television and radio and shut out all other distracting sounds from the immediate environment.
2. Darken the room, but have some illumination. If you wish you may light a single violet candle and burn some sweet incense.
3. Sit in a comfortable straight back chair and relax every muscle in your body by taking two or three deep breaths. Continue breathing this way until you can begin to feel all the tension and stress flowing from your body.
4. Recite the Pyramid Power Magick Incantation a total of nine times, either verbally or mentally.
5. Blank your mind of all distracting thoughts of any kind.
6. Create a mental image of that which it is you wish to achieve with the magickal rites and ceremonies behind Pyramidal energy, in your mind. See it as though it has now appeared in your life. That which is visualized shall come to pass through the motivating energies of Pyramidal energy.

To gain the maximum benefit from the creative power of the Occult Mind Centers you should spend at least ten minutes each day, in this relaxed, meditative atmosphere; imaging that which you wish to enjoy with your life — be it material success or emotional fulfillment, it matters little.

Creative visualization has the potential to make you rich, if you truly desire great wealth, and help you to attain your every goal in life. Have a strong, emotional desire for a specific material object such as a video cassette recorder, or a microwave oven, and then use creative imaging to focus all your pyramidal energies onto a special goal. You will then stimulate the correct pyramidal energies to draw your desire to you and make it come to pass.

THE AMAZING POWER OF PYRAMIDIC HIEROGLYPHICS

How would you like to possess the ability to focus your pyramidal energies on one object until it comes to you freely, as if by magic? Or be able to “will” material objects into existence . . . whenever you feel like it?

Here’s all you have to do.

Create a Pyramidal Scrapbook of Fulfillment to help crystallize a desire into solid reality through the motivating power of the Occult Mind Centers and creative imaging. Cut out colorful and detailed pictures from magazines of the material possessions you wish to enjoy, and paste them in the blank pages of an ordinary scrapbook. Then, as you perform the Pyramidal Energy Exercise to develop creative images as already given, take these colorful pictures (hieroglyphics), into the exercise sessions and spend five minutes studying said pictures, then a further five minutes imaging yourself with the desired object enjoying the happiness it will most assuredly give you.

This is what creative imaging is all about.

OPENING YOUR INVISIBLE OCCULT POWER EYES

Part 2: (B) Used to open the mind’s psychic third-eye.

Pyramid Power Magick Incantation

AUM — A — NU — BIS — AUM

This Pyramid Power Magick Incantation should be repeated nine times prior to beginning. If you have difficulty in developing this occultic power, the Incantation should be repeated until your inner psychic and occult powers become sufficiently energized to help draw your desires, dreams, and wishes to you in their tangible forms.
The mind's psychic third-eye is known in Pyramidal energy processes as: Your Invisible Occult Power Eyes. They are your Magickal Pyramidal energy eyes and they are a metaphysical extension of your "real" eyes, though, in this case, images are perceived without utilizing the optic nerves of the physical eyes. All creative imaging will be achieved and instigated through the use of your invisible occult power eyes. Begin the Ritual by closing your eyes and relaxing.

The proper steps to take to open your invisible occult power eyes are as follows:
1. Turn your complete attention to the exact center of your head, in line with the square-inch space between the two eyes, where the mind's psychic third-eye is located.
2. Now, using your heightened powers of creative imaging, visualize the all-seeing Eye of Horus at this spot and watch as it begins to glow with ancient power.
3. Next, breathe deeply to the count of three. Hold it to the count of three and exhale.
4. This inhaled mystic essence is your Pyramidal Lifeforce, known as Kundalini (the Fiery Serpent) by the Ancient Adepts, and it is this flow of Pyramidal Lifeforce which opens your invisible occult power eyes.
5. Now, to open your invisible occult power eyes, visualize a bright silver triangle at the exact center of your head—this is your Personal Pyramid Power Screen. In forthcoming chapters, you will learn how to turn it into a Magick Cash Machine with which to produce money when needed— but more of that later.
6. Recite the Pyramid Power Magick Incantation a total of nine times, either verbally or mentally.
7. For practice sessions at learning to use your invisible occult power eyes, you can project specific mind images onto your own Personal Pyramid Power Screen, such as your ideal love mate in life. You can magically attract this person into your life by reciting the following petition to the ancient Egyptian Gods: "Hail to Thee, Anubis and Horus. Anubis all wise. Horus all knowing. I beseech Thee to show me a vision, of my future (person or thing), and ask of Thee to guide me, and grant me the knowledge by which I can make my wish fulfilled. With Thy help, so shall it be."

In just a few short moments, vision after brilliant vision will begin to flash before your invisible occult power eyes, on your Personal Pyramid Power Screen.
CREATING YOUR PERSONAL PYRAMID POWER GENERATOR

Used in concentrating pyramidal energies which can then be used to accomplish the fulfillment of wishes.
Pyramid Power Magick Incantation
AUM - O - SI - RIS - AUM

This Pyramid Power Magick Incantation should be repeated nine times for a period of nine days. If the desired results are not realized and experienced during this period, repeat nine times for an additional nine days, or until such time your Personal Pyramid Power Generator is sufficiently energized to materialize your desires for you.

Begin the Ritual by closing your eyes and relaxing.

Use the mind’s psychic third-eye, your invisible occult power eyes, to visualize yourself sitting inside a giant pyramid. Image it clearly and as vividly as possible.
You are now sitting inside your Personal Pyramid Power Generator.
Concentrate on its interior.

It will be dark, and then begin to fill with a bright, white light.
Visualize this light flowing down and around you. Continue until it fills the interior of your Personal Pyramid Power Generator with white glowing light.

Recite the Pyramid Power Incantation a total of nine times.
As you recite the Incantation, which can be done either verbally or mentally, imagine the brilliant white light around you is changing and becoming the bright golden color of the Sun, as you speak the words of the Incantation.

Concentrate on this bright, sparkling light, visualize it as clearly as possible and watch as it begins to pulsate with the Ancient Power of Pyramidal Energy.

Remain like this for two minutes.
Repeat the Pyramid Power Magick Incantation a total of nine times.
As you repeat the Incantation, which can be done either verbally or mentally, imagine the sparkling golden light all around you is turning blood red, as you recite the Incantation.

Concentrate on this blood red light surrounding you, visualize with clarity and watch it as it begins to throb and pulsate with the vibration of ancient magickal forces.

Remain like this for two minutes.
Repeat the Pyramid Power Magick Incantation a total of nine times.
As you repeat the Incantation, which can be done either verbally or silently, imagine the blood red light all around you is changing, into a beautiful sky blue, as you speak the words of the Incantation to the Egyptian God of the Sun.

Concentrate on this beautiful sky blue light, visualize it clearly, and watch as it begins to pulsate with the creative power force of the Ancient Egyptian Magi.
Remain like this for two minutes.
Repeat the Pyramid Power Magick Incantation a total of nine times.

As you repeat the Incantation, which can be done either verbally or mentally if you may be overheard, imagine the sky blue light surrounding you is changing and becoming a bright yellow light.

Remain like this for two minutes.

Congratulations! You have just joined the ranks of the Ancient Ones from ages past! You are now ready to begin using Pyramid Power Rituals to help shape the future in accordance with your secret dreams, wishes and desires. This, in turn, will help increase the supply of Pyramidic Energy in your life.

**HOW TO FOCUS PYRAMIDIC ENERGY**

To help focus the magical forces of Pyramidic Energy on specific areas of your life, it is a good idea to make a Pyramidic Blueprint, of all things you wish to achieve out of life with this ancient, miracle-working power force. Include all those individual dreams and goals you wish to realize on a short term basis as well as your more long term goals in life.

![Pyramid Blueprint Diagram]

Make a habit of reviewing the entire contents of your Personal Pyramidic Blueprint of Destiny a total of nine times prior to the beginning of any Pyramid Power Magick Spell or Ritual to be found in this book. This will help to stimulate the correct vibrations, of Pyramidic Energy, with which to produce the desired results in the quickest possible time.

Also, read through your desires three times in the morning, as you awake, three times at midday, as you relax, and once again at night, just prior to sleep, making a total of nine times in all.

By doing this on a regular daily basis, in conjunction with an individual spell or ritual, can help to energize the Seven Occult Mind Centers to bring about the fulfillment of one’s wishes.

**THE RITUAL OF THE TALISMANS OF THE SAGE OF THE PYRAMIDS**

Used to help bring about the gradual fulfillment of dreams, hopes, and wishes through the Pyramidic Energy contained in these ancient symbols of occult power.

Pyramid Power Magick Incantation

AUM - IS - IS - AUM

This Pyramid Power Magick Incantation should be repeated nine times for a period of nine days. If the desired results are not realized and experienced during this period, repeat nine times for an additional nine days, or until such time your Personal Pyramidic Power Generator is sufficiently energized to materialize your desires for you.

This book is filled with ultimately powerful Pyramidic Talismans of occult power, which have been based on actual
talismans discovered, or so the story goes, in the Great Pyramid of Giza, by a young Frenchman during the eighteenth century. The whole incredible story can be found in an exotic magickal text - entitled, 'The Black Pullet'. Should occult trivia buffs be interested, the grimoire's original title was:

"The Black Pullet, or the Hen with the Golden Eggs, comprising the science of Magickal Talismans and Rings, the art of necromancy and of the Kabalah, for the conjuration of aerial, and infernal spirits, of Sylphs, Undines and Gnomes, serviceable for the acquisition of the secret sciences, for the discovery of treasures, for obtaining power to command all beings - and to unmask all sciences and bewitchments. The whole following the doctrines of Socrates, Pythagoras, Zoroaster, Son of the Grand Aromasis, and other philosophers whose works in MS form escaped the confagration of the library of the Ptolemys. Translated from the language of the Magi and that of the Hieroglyphics found by the doctors Mizzaboulas-Jabamia, Danhuzerus, Nehmahmiah, Judahim, and Eliazb. Rendered into French by A.J.S.D.R.L.G.F."

The text was originally published in Egypt, circa 1740.

Prior to commencement of the Ritual, obtain a piece of plain white, unmarked paper and draw upon it the Egyptian hieroglyphics required in the Ritual, using ordinary everyday items to create the small magickal talisman. Black ink should be used. You are now ready to begin drawing magickal power into your life.

Begin the Ritual by closing your eyes and relaxing.

Use the mind’s psychic third-eye, your invisible occult power eyes, to visualize your Personal Pyramid Power Generator. Visualize it as vividly and clearly as possible.

Concentrate on its interior.

It will be dark, and then begin to fill with a bright, white light. Visualize this light flowing down and around you. Continue until it fills the interior of your Personal Pyramid Power Generator with white glowing light.

Recite the Pyramid Power Magick Incantation a total of nine times.

As you recite the Incantation, which can be done either verbally or mentally, imagine the brilliant white light all around you is changing and becoming a beautiful sky blue color, as you recite the Incantation to Isis, Egyptian Goddess of Magick.

Concentrate on the beautiful blue light, visualize it clearly - and watch as it begins to throb and pulsate with the ancient magick powers of Egypt and the Pyramids.

Intone:

"Blessed Isis, divine mother and priestess of the magickal arts, I call Thee to come to me at this hour and on this day, to charge this talisman with Thy own celestial power - with only my good in mind. Know, Thou Priestess - who is known by a thousand unspoken names of ancient tongues - that this is my desire. So shall it be."

Now as you sit for a few minutes, enjoying the positive vibrations, imagine the beautiful blue light all around you, starting to gradually decrease in size, as it starts to flow into the talisman you should be holding in your hands. Using your heightened powers of imaging try to visualize the
talisman to be glowing, getting brighter and brighter until it reaches a blinding brilliance. (As this is all taking form in your imagination, there is no danger of it causing you any real pain.)

Your piece of paper is now a very powerful magickal tool. Your secret dreams and wishes should be on their way to you, almost immediately.

Carry or wear your Pyramidal Talisman on your person at all times.

Repeat the entire Ritual as and when needed for the fulfillment of other secret dreams and schemes.

Note: For those not wishing to create an actual talisman in the traditional way, may, if they so wish, simply create a clear mental image of the chosen talisman and, while reciting the call to Isis, visualize said image glowing with the high accumulation of ancient Pyramidal Energy released through the Ritual.

This then, is the complete Ritual of the Talismans of the Sage of the Pyramids.

THE JOURNEY BACK
As you begin to immerse yourself totally in the spells and rituals contained in this book, you will find yourself entering the peace and tranquility of occult reverie. You should give your Occult Mind, this positive command: “I shall automatically return to the surroundings of my physical reality at the tenth minute. So shall it be.”

This command should be given prior to commencement of any spell or ritual incorporating the Personal Pyramid Power Generator.

THE POWER OF THE MYSTERIES

The high priests and followers of the ancient Egyptian system of magickal philosophy taught that there exists three, and only three, levels of reality awareness, which a person may perceive during that brief journey through life. The first level pertains to that of the material world, the dimension in which man exists, which is comprised of the physical universe and the conscious mind of the individual. It is governed and controlled by the limitations of both space and time, and is very restricted in its potential to produce mystic happenings. Since this first level of awareness deals only with the things of a material nature – those things which can be seen, felt, touched, and ultimately possessed – to
influence such materially or physically produced objects of desire requires the motivating power of physical action, rather than magickal power.

The second level of awareness pertains to the dimension of, what is known here as Pyramidal Energy, which is of neither a positive or negative polarity, existing simply as pure unadulterated power and energy. Occult groups and magickal fraternities of both past and present generations have, through the solemn use of magickal rituals and ceremonies, transcended the physical limitations of the material "here and now", to tap this vast ocean of magickal power to perform seeming miracles of health, wealth, and happiness. The initial contacts, with this astounding power-source, were accidental, causing madness and destruction to those unfortunate enough to release it in its uncontrolled state. Slowly, the ancient Mystic Masters discovered how to focus the energy on specific areas of material existence. Gigantic storehouses of Pyramidal Energy were constructed throughout the whole of the ancient world, one such storehouse being Stonehenge in England; but the ancient secrets of commanding love, happiness, prosperity, and peace of mind with this incredible power were lost, and are only just now beginning to be rediscovered.

The third level pertains to the invisible dimension of Ra, Supreme God of the ancient Egyptians. It is here, within this mystical void - where dwells the very Forces of Creation behind all things materially and metaphysically orientated, that the ancient Egyptian Gods live on in perpetual harmony. This is what the ancients called the 'Secret of Secrets'; an all-powerful dimension of intelligent thought capable of transforming and shaping the spiritual lifeforce into any material or metaphysical form it chooses. The mystical presence of Ra is manifest in all things, and all things are as one with this Supreme God of the ancient Egyptians.

The three levels of reality awareness dealt with above are each dependent upon the other, permeating the entire universe and are in a constant state of occupying the same physical spaces, but existing at different levels of vibration and power.

THE CALL TO OSIRIS

Part 3: (C) Used to enter the Third Stage of Initiation.
Pyramid Power Magick Incantation
AUM - O - SI - RIS - AUM

This Pyramid Power Magick Incantation should be repeated nine times for a period of nine days. If the desired results are not realized during this period - repeat nine times for an additional nine days, or until such time your Personal Pyramid Power Generator becomes sufficiently energized to provide you with an insight into the Ancient Mysteries of the Pyramids.

Begin the Ritual by closing your eyes and relaxing.
Use the mind's psychic third-eye, your invisible occult power eyes, to visualize your Personal Pyramid Power Generator. Visualize it as vividly and clearly as possible.
Concentrate on its interior.
It will be dark, then begin to fill with a bright, white light. Visualize this light flowing down and around you. Continue until it fills the interior of your Personal Pyramid Power Generator with white glowing light.
Recite the Pyramid Power Magick Incantation a total of nine times.
As you recite the Incantation, which can be done either verbally or mentally, imagine the brilliant white light all around you is changing and becoming a sparkling, deep golden light, as you speak the words of the Incantation.

How Michael E. Received $100,000 With Magick Pyramid Power
Michael E., of New York City, believed that the sum of $100,000 would bring him financial security and peace of mind, which he desired to draw into his life experiences. His need was genuine, for he had a wife and a teenage family to support, and had been forced on to welfare in order to provide for them.

Michael would, whenever he could afford it, attend classes on Pyramid Power, a subject he found quite fascinating. During one of the lectures, the speaker revealed to his captive audience how Pyramidic Power – and the Mystical Energies upon which it is based – could be used to draw riches, happiness and success into one's life, and advised them to begin utilizing this miraculous power force to draw to them the large sums of money which they truly believed they needed for overall financial security.

At first, Michael was enthralled by the prospect of virtually commanding riches to appear in his life from out of nowhere; seeing in it that which he desired above all else, a means of escaping from the money flow problems he was experiencing, then he became dogmatic. He worked at releasing Pyramidic Energy into his own life through Pyramid Power Rituals...
with all his might, and using all of his mental strength to achieve this.

Michael had been performing the Pyramid Power Money Ritual, given him by the speaker, for about three and a half months when a policeman appeared at his door with unpleasant news. Michael’s old uncle who lived all his life in one of the (very) low-rent districts of New York, had died—his body being found in the bedroom of his squalid apartment above his tailor shop, the victim of a broken leg and the bitter New York winter that year.

A few days after the funeral, Michael received word that, being the sole surviving relative, he would receive the cash, stocks and bonds – valued at $100,000 – discovered by the police in his uncle’s apartment during their investigation into his death.

Michael is convinced that this large sum of money was manifested through the Magickal Power of Pyramidic Energy.

**PYRAMIDIC ENERGY OSIRIS MONEY MATERIALIZATION RITUAL**

**Part 1:** (A) Used to attract large sums of money.

Pyramid Power Magick Incantation

AUM – O – RIS – AUM

This Pyramid Power Magick Incantation should be repeated nine times for a period of nine days. If the desired results are not realized and experience during this period, repeat nine times for an additional nine days, or until such time your Personal Pyramid Power Generator is sufficiently energized to materialize your desires for you.

The Pyramidic Energy process which you will utilize during this and other Rituals is known as creative imaging. It is one of Seven Powers, and is a vital ingredient of the overall arsenal of magickal powers of the human mind with which you were born.

Your invisible occult power eyes will be used for all applications, and constructive workings, of creative imaging.

Your Personal Pyramid Power Generator will be used to influence and manipulate all events and situations in accordance with your wishes.

Begin the Ritual by closing your eyes and relaxing.

Use the mind’s psychic third-eye, your invisible occult power eyes, to visualize your Personal Pyramid Power Generator. Visualize it as vividly and clearly as possible.

Concentrate on its interior.

It will be dark, and then begin to fill with a bright, white light.

Visualize this light flowing down and around you. Continue until it fills the interior of your Personal Pyramid Power Generator with white glowing light.

Recite the Pyramid Magick Incantation a total of nine times.

As you recite the Incantation, which can be done either verbally or mentally, imagine the brilliant white light around your has changed and become the golden color of the Sun, as you say the Incantation.

Concentrate on this bright, sparkling light. Visualize it clearly— and watch as it begins to pulsate with the Ancient Rhythm of Universal Pyramidic Energy.

Intone:

“Hail, Osiris! Spirit of the Sun, I place this request with Thee. Know now that I command and require Thee – O Mighty One, to bring me wealth, enough and to spare from this day forth. So shall
this be by the virtues, and the powers at Thy command."

Now as you sit for a few minutes enjoying the positive vibrations of Pyramidal Energy, imagine that the money is already flowing into, and around your Personal Pyramid Power Generator, piling up in heaps in a seemingly endless flow of financial and emotional security. Reach out, with your imagination, and grasp some of the money. Hold it tightly and refuse to let it go. Get involved with the money. Using your heightened powers of creative imaging, proceed to touch and smell the money - it is real. Examine it - using your invisible occult power eyes, study every square inch of it, on both sides. Absorb it into the very fibre of your being. In short - become the money!

It is at this point that you must focus your complete attention on the Ritual - and what it is you wish to achieve. No other thoughts must be allowed to enter your mind. Concentrate entirely upon your financial desires, and how the Ritual will help you receive them. Keep this positive thought in your mind at all times.

Note: Use the Ritual to achieve only one desire at a time. Having two or more desires in your mind simultaneously will tend to weaken the materialization power of Pyramidal Energy activated by both your Personal Pyramid Power Generator and the Ritual.

How Robert D. Used Occult Power to Attract an Expensive Stereo System From Out of Nowhere.

After you have performed the Ritual and given your financial plea to Osiris, go about your daily affairs confident in the fact that the money shall come into your life. When one deals with the magic Forces of the Cosmos the results might not always be what you expect.

One man, Robert D. strongly desired the sum of $800 for a new stereo music system. He utilized magick and the money did not appear but instead, his neighbor told Robert that his company was transferring to a town clear across state. He had an expensive, near-new stereo music system that he did not want to take with him, so he sold it to Robert for less than half its true value. This is an excellent example showing how the Ancient Gods work in unexpected ways to bring dreams and wishes into reality.

This Pyramid Power Magick Incantation should be repeated nine times for a period of nine days. If the desired results are not realized and experienced during this period, repeat nine times for an additional nine days, or until such time your Personal Pyramid Power Generator is sufficiently energized to materialize your desires for you. Begin the Ritual by closing your eyes and relaxing. Use the mind's psychic third-eye, your invisible occult power eyes, to visualize your Personal Pyramid Power Generator. Visualize it as vividly and clearly as possible.
Concentrate on its interior. It will be dark, and then begin to fill with a bright, white light. Visualize this light flowing down and around you. Continue until it fills the interior of your Personal Pyramid Power Generator with white glowing light.

Recite the Pyramid Power Magick Incantation a total of nine times.

As you recite the Incantation, which can be done either verbally or mentally, imagine the brilliant white light all around you has changed and become the sky blue of Isis, Egyptian Goddess of the Moon.

Concentrate on this bright, shining light, visualize it clearly and watch as it begins to throb with the Ancient Rhythm of Universal Power and Energy.

Intone: “Blessed Isis, Goddess of the Moon, I beseech Thee to bring Thy celestial powers to bear on this, my stated request. Bring me gifts and jewels from an unexpected source, so that I may know happiness.”

Now as you sit for a few minutes, enjoying the positive vibrations, imagine that the gifts are already flowing into your Personal Pyramid Power Generator, piling up all around you in a seemingly endless tide of good fortune and self-indulgence.

Reach out, with your imagination, and grasp one of the gifts. Hold it tightly and refuse to let it go. Get involved with the gifts. Using your heightened powers of creative imagining, proceed to examine it on every side, using your invisible occult power eyes to do this.

Touch and feel the gift, it is real. Absorb it into your very being as you do this. In short – become the gift!

It is at this point that you must focus your complete attention on the Ritual – and what it is you wish to achieve. No other thoughts must be allowed to enter your mind. Concentrate entirely upon the desired gifts, and how the Ritual will help you receive them. Keep this positive thought in your mind at all times.

Note: Use the Ritual to achieve only one desire at a time. Having two or more desires in your mind simultaneously will tend to weaken the materialization power of Pyramidic Energy activated by both your Personal Pyramid Power Generator and the Ritual.

How Virginia P. Used Pyramid Power to Become a Success in Life

A first class example of how this magickal power force can be used to bring beneficial changes in one’s life is that of Virginia P., who worked as a secretary in a Los Angeles’ based electronics firm.

She liked her job and the salary was more than adequate, but Virginia wanted more – a whole lot more! She dreamed of living a lifetime of expensive self-indulgence, where her every whim was fulfilled, and a harem of adoring lovers. A friend introduced her to the incredible, amazing, and astounding world of Pyramid Power and the seeming miracles of health, wealth, and happiness it could make happen in her very own life. Having attuned her mind and soul to the pulsating Pyramidic Vibrations of Pyramidic Energy, she became filled with a desire to be a success in life. Nothing was going to stop her now!

One day she experienced a mystic insight: Branch Out! These words, which came through from the Invisible World, filled her conscious and subconscious minds during a daily
Pyramid Power session, and with the insight came understanding. Since she worked for and electronics firm, why not form a small company of her own?

She walked boldly into the manager's office one day and told him of her plan. He was so impressed by her fortitude that he, a few days later, introduced her to a rich young executive who was only too willing to provide the initial outlay to form the company - with Virginia, and he, as president and vice-president, respectively.

They were soon at the helm of a multi-million dollar business - and Virginia had achieved her goal. Thanks to Pyramid Power, that is.

How Paul T. Found a Lost Gold Mine With Occult Power
Paul T. is now $50,000 richer, thanks to discovering a lost gold mine in America with occult power. He travelled to the area where he knew the abandoned mine was located and asked his higher mind: “Take me to this hidden treasure.” He eventually found the mine entrance, way out in the Nevada desert, and promptly commenced digging at the spot where he got a very positive feeling. Within a short time Paul found a new gold vein in the old mine which made him a rich man and a very happy man. Had he not sensitized his mind to finding hidden and lost treasures (which is what the following Ritual does), Paul would have never found that lost gold mine.

How Elizabeth G. Found Love With Pyramid Power
Elizabeth G. was not attractive and, at an age when most of her contemporaries were busily dating to their heart’s content, she was finding it extremely difficult to arouse the romantic interest of her town’s male populace. She was painfully shy and felt uneasy in the company of boys. Elizabeth believed herself to be doomed to an unhappy life of spinsterhood. Until the eventful day she visited a famous American psychic that is.

He enlightened her on the mystical forces at work in the Cosmos and how they can influence and manipulate events through the manipulating of Pyramidic Energy.

Elizabeth practised Pyramid Power every day, three times a day, for just ten minutes at a time, and within the first week noticed, much to her delight, that a change was taking place in the way she felt and acted around boys. She became so confident and sure of herself that she began going to local dances and social events. At one such dance, a handsome young man, intrigued by the aura of mystery which radiated out from Elizabeth’s inner confidence, introduced himself to her and asked her to dance with him. So began Elizabeth’s courtship with happiness.

Intone:

"Sweet Hathor, Goddess of Venus and love, I beseech Thee to send unto me someone to love and to return my love a hundredfold. I beseech Thee again, Sweet Queen, to grant me that which is within Thy powers and virtues to do so."

How Jim H. Was Guided to Finding His Lost Wristwatch

Jim H. had removed his wristwatch and accidentally misplaced it. He was beside himself, not so much for the sentimental value, but because of the monetary value attached to it. He searched high and low all over his home and still could not find it. Fortunately, he had an open mind when it came to the psycho-occult powers of the human mind and remembered that it was possible to enter a state of occult reverse (which is exactly what the following Ritual enables you to do) and receive guidance to finding lost and stolen objects, and to go to that place or, if it be somewhere unknown, to be intuтивely led there.

Jim did this and some time later, as he was about to don coat
and go pay a visit to the local jeweller to buy another watch, he
happened to feel a bulge in his coat pocket and – lo and behold
- removed the lost wristwatch from his coat pocket. He had
taken it off, placed it in his pocket, and promptly forgot all
about it.
Jim had, in fact, utilized the occult power of divination to
find a lost object.

sufficiently energized to materialize your desires for you.

Begin the Ritual by closing your eyes and relaxing.
Use the mind’s psychic third-eye, your invisible occult
power eyes, to visualize your Personal Pyramid Power
Generator. Visualize it as vividly and clearly as possible.
Concentrate on its interior.
It will be dark, and then begin to fill with a bright, white

Visualize this light flowing down and around you. Con-
tinue until it fills the interior of your Personal Pyramid Power
Generator with white glowing light.

Recite the Pyramid Power Magick Incantation a total of
nine times.
As you recite the Incantation, which can be done either
verbally or mentally, imagine the brilliant white light around
you is changing and becoming shining silver.
Concentrate on this shining, silver light, visualize it as
clearly and as vividly as you can, and watch as it begins to
pulsate and throb with the Ancient Vibrations of Pyramidic
Energy.
Intone:

“I call Thee, Revered Anubis, Thou who art the
guide of the Ancient Ones. I require Thee, if it is
not a sin in Thine eyes, to transform me into one
able to discover that which is lost to others.
Jewels, gold and other items of value shall now be
mine. So mote it be, Revered Anubis.”

Now as you sit for a few minutes, enjoying the positive
vibrations in the center of the silver light inside your Personal
Pyramidic Power Generator, visualize exactly that which you
are seeking, whether it be gold, personal items, buried
treasure or whatever. Repeat the Incantation a further three
times, as you do this, the silver light surrounding you should
gradually fade away, and your invisible occult eyes can then
reveal to you the actual location of the sought-after object.
The surroundings may, at first, be a little difficult to identify,
but you should be able to be intuitively guided there by the
Pyramidic Energy, and occult powers, released by the Ritual.
It is at this point that you must focus your complete
attention on the Ritual – and what it is you wish to achieve.
No other thoughts must be allowed to enter your mind.
Concentrate entirely upon your desire to locate the missing
object, and how the Ritual of Anubis will help you to locate it. Keep this positive thought in your mind at all times.

Note: Use the Ritual to achieve only one desire at a time.

Having two or more desires in your mind simultaneously will tend to weaken the materialization power of Pyramidic Energy activated by both your Personal Pyramid Power Generator and the Ritual of Anubis.

USING MAGICK PYRAMID POWER TO FIND MISSING PEOPLE AND LOST LOVED ONES

Using Pyramid Power to find missing persons requires the holding of an item of jewellery or clothing worn by the person in question, prior to their disappearance. Perform the entire Pyramidic Energy Ritual and record any feelings you receive. These sensations can, with luck, lead you to locating the missing person.

You can find lost pets in much the same way; holding the collar, or a favorite toy, worn or used by the animal prior to its disappearance.

Intone:

“All-Knowing Nebhet, I invoke Thee. Know now that I desire Thee to make me one who is aware of all the secret thoughts and actions of others – both friend and foe. I wish to know that which others do not. Know, Thou Spirit of Secrets, my genuine desire to become as Thee. So shall it be.”

Now as you sit for a few minutes, enjoying the positive vibrations in the center of the green light, inside the interior of your Personal Pyramid Power Generator, visualize the face of the person whose secret thoughts you wish to know. Repeat the Incantation a further three times. Then say:
“Hear me, Nebhet, Thou Spirit of Secrets. I desire to know the secret thoughts of this person. Stretch forth Thine hands, so that our minds become as one.”

As you sit in this highly attuned state of occult reverie, you can ask the person silent questions. You should be amazed at how fast you begin to sense their true thoughts and actions. How Chester M. Used Pyramid Money Power for Success in Business
When Chester M. attended a lecture on Pyramid Power that cold winter’s night, he was so destitute he couldn’t even afford to buy a ticket or food to feed his three haggard-looking children. His wife has deserted him after the birth of the third child and he couldn’t find any trace of her, so he had to face the prospect of living a life without a loving partner.

The speaker instructed Chester on the principles of Pyramid Energy Money Magick, and he set about using this secret knowledge to attract more money into his pathetic existence. The very next day, he found a job in an electronics firm’s warehouse and learnt how popular and how very prosperous this line of enterprise was.

Chester kept using the Pyramidic Energy Money Ritual each day just before he left for work, and each night before sleep. He had faith in this ancient power force to bring him the riches and security he desired for both himself and his family. Remember, the magickal energies invoked through the conscious application of Pyramid Power can literally work miracles in one’s life.

One day, an executive from the electronics firm visited the warehouse to check on the moral of the men working there. Chester informed him on many aspects of the electronics business, which he had learnt, and impressed the executive with his very persuasive selling ability. Before he left, the executive invited Chester to give him a call later in the week because he had something he wanted to discuss with him about his future with the company.

Chester could hardly contain his excitement at the prospect for he felt, deep within himself, that this was what he had been waiting for. A ticket to financial security. He made the
phone-call and was offered a job as a salesman in one of the firm’s retail outlets. More money to live on, and the peace of mind this brought, was now his to enjoy.

The upshot of that chance meeting was that Chester eventually found himself manager of the store, with five salespersons working for him, and soon he had a home of his own, a new car, and a very healthy attitude about money – and how to spend it!

How John D. Materialized a Yacht

The people living in the same street as John D. were more than a little amazed when they saw him arriving home with a brand new very expensive-looking yacht on a trailer hooked up to his car.

"How could he possibly afford the money to buy something like that these days?" they asked one another in bewilderment.

"He's got such a lousy job, he can barely find the cash to pay his bills!"

What these confused individuals were unaware of... and what would have shocked and amazed them even more... was the fact that John had paid for the yacht in one lump sum, and owned it outright!

How did he manage it? What magickal secret did he use to do it? He got his brand new yacht with the unseen assistance of the materialization process of the human mind... the power upon which the first of five different Pyramidic Energy Money Magick Spells is based - namely the Pyramidic Materialization Ceremony, but more of that later.

The method John employed was simplicity itself. Every chance he got, in the morning, during the day, after work, John would spend one or two minutes creating a Magickal Scrapbook in which he pasted every bit of information he could gather on yachts, the styles, models, and accessories involving such luxury items as this. He scanned magazines and newspapers for advertisements and informative articles, requested literature from dealers and manufacturers, and even took snapshots of them at the local port. He soon became a walking encyclopedia of bits and pieces of information on yachts of every make and style - he even knew the current market value of both new and pre-owned yachts.

Then as he was in a dealer's exhibition at a local boat show over one weekend, he noticed the salesman was trying to make a sale - but not getting very far with the customer. John walked over, introduced himself, and proceeded to sell the
yacht for the salesman, thanks to his impressive knowledge of anything even remotely associated with a yacht. The dealer was so impressed with John's super-persuasive type sales ability, that he offered him a full time job as a salesman for the dealership. John thanked him, but explained that being already employed, he could only work part-time. Which he did.

John quickly outsold all the other salesmen, and in just a couple of months had earned more than enough in pay and bonuses to purchase the yacht of his dreams - complete with a very big discount for his excellent sales record.

PYRAMIDIC MATERIALIZATION CEREMONY

Part 1: (A) Used to produce items out of thin air.
Pyramid Power Magick Incantation
AUM - P - TAH - MA - AUM

This Pyramid Power Magick Incantation should be repeated nine times for a period of nine days. If the desired results are not realized and experienced during this time period, repeat nine times for an additional nine days, or until such time your Personal Pyramidic Power Generator is sufficiently energized to materialize your desires for you.

Prior to commencing the Ceremony, obtain a piece of plain, unmarked white paper and draw upon it a large triangle, using ordinary everyday items to create the magickal talisman. Black ink should be used. Then, at the center of the triangle, paste a photograph or drawing of what it is you wish to materialize into your life experiences. This can be any material object in the world, or companionship. If it is new friends - or lovers - you are seeking, obtain a photo of a drawing of an individual possessing the physical qualities you desire in a person, and position this at the triangle's center.

Begin the Ceremony by closing your eyes and relaxing.
Use the mind's psychic third-eye, your invisible occult power eyes, to visualize your Personal Pyramid Power Generator. Visualize it as vividly and clearly as possible.

Concentrate on its interior. It will be dark, and then begin to fill with a bright, white light.

Visualize this light flowing down and around you. Continue until it fills the interior of your Personal Pyramid Power Generator with white glowing light.

Recite the Pyramid Power Magick Incantation a total of nine times.

As you recite the Incantation, which can be done either verbally or mentally, imagine the brilliant white light all around you starting to gradually decrease in size as it starts to flow into the talisman you are holding in your two hands. Using your heightened powers of imaging, see the talisman glowing, getting brighter and brighter till it reaches a blinding brilliance. (As this is all taking place in your mind, there is no danger of it causing you any pain.)

Intone:

"Divine Pth, grand designer of the material world, I call Thee forth from Thy place in the Triad - so that Thou may shower Thy blessings upon this seal, and all my creative endeavours from this day forth. So shall it be."

Your piece of paper is now a very powerful occult tool. Such is its power, that you need not even be consciously aware of it for it to produce the desired results. Position the magickal seal in a frequently passed place in your home so you
see it often during the course of an average day, even if only in an indifferent manner. If you have placed it on the bathroom door, every time you enter the bathroom, for whatever reason, you are magickally reinforcing it and your subconscious awareness of it.

There has never been a single instance where the materialization power of the invisible occult world has not worked in a beneficial, constructive way for its user.

**USING THE PYRAMIDIC MATERIALIZATION CEREMONY**

Let us suppose, for example, you desire a specific material object, such as a new car. Cut a color photograph of a car, any car, and paste on the seal at the centre of the triangle. Next, instill in yourself a belief in the seal’s power to draw the material equivalent to you. How will the car appear in your life? In an infinite variety of ways, in fact it will arrive when you least expect it. You may enter a contest which has a first prize of a new car, and win. You may, like John D., gather all pertinent facts, and then use this knowledge to get what you want. Or, as is so often the case, the Triangle of Ptah will act as a magick money magnet to draw to you the cash you need.

If you wish to have better luck in lotteries, cut out articles from your local paper about the lucky individuals who have had success in a lottery, and paste this at the center of the triangle. The Triangle of Ptah will increase the positive vibrations associated with these items and help increase your own chances of success. If you are among the many lonely people in the world, and long for companionship, but are too shy to make the first move, paste a photo or drawing, of an attractive member of the opposite sex — possessing the attributes you desire in a companion — and go about your daily affairs confident in the knowledge that the Triangle of Ptah is working to bring the physical counterpart into being.

**How Ted S. Materialized Photographs Out of Thin Air**

The occult power to project and then materialize desires in a very real, and tangible form, is now a proven scientific fact. Dr. Julie Eisenbud, a professor at University of Colorado School of Medicine, conducted a series of tests during 1964, with famous mystic Ted Serios. When a polaroid camera was pointed at his forehead, Serios was able to materialize thoughtographs of various objects and places! What more proof is needed?

**THE SECRET THAT CAN BRING MONEY ALMOST INSTANTLY!**

The next Pyramidic Energy Money Magick secret you’re going to learn about is called The Secret of Pyramid Money Power — and it can shower you in money virtually overnight. How would you like to suddenly receive dozens of money-making ideas whenever you needed them to fill your empty bank account with cash — and lots of it? Or suddenly find you possess a creative talent that can be a ticket to financial harmony? These are just a couple of ways by which The Secret of Pyramid Money Power can keep the money flowing into your life, to be spent many times over.

**How Michael F. Became a Successful Author**

Michael F., a young bachelor with a girlfriend to keep happy, was a desperate individual indeed when he turned to Pyramid
Money Powers for help. He needed money, lots of it, to keep his girlfriend happy, but as he had no experience in anything he couldn’t get a job. Using the same principle upon which Pyramid Money Power is based, he quickly discovered that his best money-making opportunity was to take advantage of a natural talent he possessed for writing. He soon discovered, though, an unpublished author can find it very difficult to break into the market of professional writers. There’s very little chance of selling a book unless you have a proven track record, he quickly discovered.

So, once again he had a private session with Pyramid Money Power to discover more practical, and profitable, ways of making his skills pay his way through life. He suddenly hit upon the idea of writing psychic mind power books, and found that he could sell to publishers on the idea of such unusual and unique self-help books. He now has a constant income — thousands of dollars a month — and never sets foot outside his home. He only ventures out to buy his girlfriend expensive gifts and other tokens of affection.

THE SECRET OF PYRAMID MONEY POWER

Part 2: (B) Used to receive money-making ideas.

Use this secret whenever you desire to unite yourself with Pyramidic Energy to help you realise new ideas that can bring you the riches and the happiness you desire.
1. Sit in a comfortable chair, sitting upright with your back supported, and try to achieve a relaxed state of mind and body. Taking a few deep breaths will help you to relax.
2. Close your eyes and make your mind a blank.
3. At the exact center of your head, in line with the square-inch space between your eyes, visualize a tiny green pyramid, using your invisible occult power eyes to do this.

4. Imagine the tiny pyramid has expanded to the size of a marble, and is slowly beginning to spin around inside your head. While the pyramid is spinning, imagine money to be issuing forth out from its base, falling downward into your consciousness. Next, recite the following Pyramid Money Power Chant:

   “I attract large sums of money, now and forever.”

   Recite the chant over and over for at least nine times.
5. As the tiny green pyramid spins faster and faster, imagine the inside of your head becoming filled with a soft green glow. As you increase the speed of the pyramid, imagine the space around it filled with this bright green light.

   You have now generated your personal supply of Pyramid Money Power.

6. End session and repeat daily until you can do it automatically and generate the flow of Pyramid Money Power in 90 seconds.

The important thing to remember when you use this secret, is that the riches will not appear in your life unless you write down ideas, schemes, and plans which appear in your head following the Ritual. I can personally vouch for the power of this secret, for it was during my researches into its magical properties that I was “inspired” and “guided” into writing the book you are now reading.

HOW TO BECOME AN OVERNIGHT SUCCESS

And now we come to perhaps the most powerful Pyramid Money Power secret of all time — *The Ritual of Unas* — the ancient secret of the ages that can influence the Gods of Chance, including old Lady Luck herself, to look upon you with favor.

Unas was a powerful Pharaoh who, it is believed, lived...
around 3,000 B.C. Now you, too, can use his legendary — in occult circles anyway — Ritual for riches and success. Business, social, personal, and romantic affairs can begin to radiate golden, sparkling rays of success when you once invoke the magickal powers. All that's required of you is that you remain constantly aware, and conscious of, the small talisman associated with the Ritual. Either carried or worn on your person, it must never be forgotten, nor the reason for which it was created.

That's all there is to it!

THE RITUAL OF UNAS

Part 3: (C) Used to enjoy continuous success.
Pyramid Power Magick Incantation
AUM – U – NAS – RA – AUM

This Pyramid Power Magick Incantation should be repeated nine times for a period of nine days. If the desired results are not realized and experienced during this time period, repeat nine times for an additional nine days, or until such time your Personal Pyramidal Power Generator is sufficiently energized to materialize your desires for you.

Prior to commencement of the Ritual, obtain a piece of plain white, unmarked paper and draw upon it the Egyptian hieroglyphs required in the Ritual, using ordinary everyday items to create the small magickal talisman. Black ink should be used. You are now ready to begin drawing success into your life.

Begin the Ritual by closing your eyes and relaxing.
Use the mind's psychic third-eye, your invisible occult
power eyes, to visualize your Personal Pyramid Power Generator. Visualize it as vividly and clearly as possible.
Concentrate on its interior.
It will be dark, and then begin to fill with a bright, white light.
Visualize this light flowing down and around you. Continue until it fills the interior of your Personal Pyramid Power Generator with white glowing light.
Recite the Pyramid Power Magick Incantation a total of nine times.
As you recite the Incantation, which can be done either verbally or mentally, imagine the brilliant white light around you is changing and becoming the bright golden color of the Sun.
Concentrate on this bright, sparkling light, visualize it as clearly as possible and watch as it begins to pulsate with the Ancient Power of Pyramidal Psychic Power.
Intone:
“The Soul of the Gods is in Unas, their Spirit Souls are with Unas, and the offering made to him are more than those made unto the Gods of old. Unas is the Great Power, the Power Great and Eternal, and this offering will bring his blessings and powers unto me who does it, and success shall be mine.
So shall it be.”
Now as you sit for a few minutes, enjoying the positive vibrations, imagine the sparkling gold light all around you, starting to gradually decrease in size, as it starts to flow into the talisman you should be holding in your two hands. Using your heightened powers of imaging try to visualize the talisman to be glowing, getting brighter and brighter until it reaches a blinding brilliance. (As this is all taking form in your imagination, there is no danger of it causing you any pain.)
Your piece of paper is now a very powerful magickal tool. Your power and success should be on its way to you almost at once.
Repeat as and when required.

How Timothy D. Used Pyramid Money Power to Receive Permanent Financial Security
Timothy D. worked as a door to door salesman of household goods, working for a large distribution company specializing in vacuum cleaners, linen, cutlery, pots and pans, and various other items. He was a good salesman and made a more than decent living from his job but still felt it was not enough to give him the future security he desired for his family.
When Timothy began attending weekend classes on Pyramid Power, he asked the psychic conducting the course, if there was some way that could help to increase his income so he could have the money to buy a new home, car and other items of luxury he desired for his family to own and enjoy.
During the classes, Timothy studied the magickal energies of the new Pyramid Money Power and the Pyramid Money Screen and how it was possible to use these forces to increase one’s money supply. He sat and practised the techniques with every chance he got. He also carried a photograph of the Great Pyramid of Giza around with him every day, and with all three of these arcane forces working for him, 24 hours a day, seven days a week, he began to experience quick and beneficial results. His sales suddenly increased, followed by Tim’s winning of a stereo music system in a contest held by a local store which specialized in home entertainment equipment and appliances.
Following these initial successes, Timothy began using these old powers in earnest. Within the next few months, he became the firm's most successful salesman. His sales commissions rapidly doubled and sometimes even tripled from what they had previously been.

Pyramid Money Power had, in effect, for Timothy become a Magick Money Fountain, showering him with money, happiness, and security!

THE ANCIENT SECRET OF HOW TO RECEIVE MONEY WHEN NEEDED

Money is a tangible expression of Universal Pyramidic Energy.

When you once understand and accept this ancient occult Truth, you can begin to have all the money you will ever truly require to meet a financial or social demand as and when it arises.

This ancient power — the ability to produce money as and when required in life — is latent within us all. There is a Pyramid Money Screen in your mind waiting to be activated.

With it, you can begin to have all the money you will ever require to obtain the basic luxuries and necessities of life — if this is what your financial desires be. It is a strong, emotional desire — or mind command if you like — which can begin the flow of magically produced money into your life.

You can begin to produce money when needed once you release the Pyramid Money Screen that has been waiting patiently within your occult mind since childhood.

It is also possible to use this incredible money secret to draw into your life all the material possessions and expressions of wealth which you strongly desire to possess and enjoy.

The results produced by using the Pyramid Money Screen may not be as dramatic as finding a bundle of thousand dollar bills in the street, or winning first prize in a lottery, but your life can become a whole lot easier as needs are met and financial restrictions begin to lessen.

The most important factor in drawing riches into your own life is a firm and honest belief in your own magical abilities to cause this to happen. All doubt should be removed from your mind if success is to be achieved.

THE PYRAMID MONEY SCREEN

Part 4: (D) Used to produce money when needed.

Attracting money or money equivalents can be as easy as A, B, C, when you once release the mystic power of the Pyramid Money Screen. To begin the magical attraction of money, it is necessary for you, and those with you, to obtain a state of occult reverie and stay in this state for at least five minutes each day. This will stimulate, and release, the correct pyramidic vibrations through your Personal Pyramid Money Screen required for the magical attraction of money, material possessions, and money equivalents.

Proceed as follows:
1. Sit in a comfortable chair, with your back supported, feet on the floor.
2. Lay your hands, palms up, on your lap.
3. Close your eyes and relax.
4. Take five deep breaths, as you inhale, think "Relax," and as you exhale, think "Let Go," until you can feel no more tension and strain in your body. This will enable a sense of tranquility and relaxation to enter your being. You have now achieved the correct state of mind.
5. Direct your awareness to the exact centre of your head, in line with the square-inch space between your eyes, and you are now ready to activate your Personal Pyramid Money Screen to attract more money into your life.

6. Use the mind’s psychic third-eye, your occult power eye, to visualize a white triangle at the exact centre of your head. You are now looking at your Personal Pyramid Money Screen and there is virtually no limit to its money-making powers!

7. Next, at the exact centre of the Pyramid Money Screen, print the following magickal command to the pyramidal vibrations that are flowing through the Screen and out into the objective world:

   I desire the sum of $5,000 to help pay my debts and give me peace of mind.
   (Note: you will, of course, substitute dollars for the correct currency of your own country.)

8. It is at this point in the Ritual that you must focus your complete attention on your Personal Pyramid Money Screen – and the message it contains. Do this for a total of approximately five minutes.

9. Then, allow your mind to go blank for two or three minutes and open yourself to the flow of intuitive pyramidal impulses from the creative centre of the cosmos, aimed at directing a steady flow of money into your life. (Note: This sudden insight into how to attract money, may come after you have ended the Ritual.)

10. End session.

11. Repeat as needed.

The foregoing Pyramid Money Power Ritual is perfect for whenever you happen to find yourself in a corner financially.

Have faith that money, and money equivalents can, and will, soon begin appearing in your life.

The words and symbols of the Ritual stimulate the correct pyramidal vibrations with which to attract money, happiness, and peace of mind.

An interesting variation of this particular technique when you don’t have a specific amount of money in mind, nor a particular material item to possess, is the Money Pyramid with which to enjoy general financial and emotional prosperity.

Three times each day – once in the morning, once at midday, and once again at night – flash the Money Pyramid on your Personal Pyramid Money Screen for at least five minutes at a time.

How Grant W. Attracted a Six Figure Profit in One Year

Grant W.’s particular line of endeavour was video production. However, his career was, to say the least, somewhat uncertain.

One day the money, and the happiness would be rolling in, while the next it would be gone. And it seemed like the only mail he ever got was “final reminders” to be more prompt in meeting his ever-growing financial obligations.

The future looked very bleak, indeed.

One of Grant’s hobbies was occultism and mysticism and he was aware of the basic principles behind the Pyramid Money Screen and the Money Pyramid, though he had never before considered using them. Then one day, while on a bus, on his way to one of his regular meetings with various money lenders, he decided to give the techniques a try, and began using them over and over again.

That afternoon, he had a sudden urge to give an old acquaintance in the business world, whom he had not heard from for some while, a call. They made arrangements to

106

107
meet and discuss his business schemes over a cup of coffee the next day. Grant's old friend was immediately impressed by the proposal, and agreed to provide the initial outlay that Grant needed to get started, yet again!

Grant's new business venture proved a success due to popularity and public demand - so much so, that profits from the year's trading were in the six figure bracket!

How Paul A. Was Completely Cured With Pyramid Power
Paul A., a quiet and soft-spoken member of a Pyramid Power
group and experimenters in San Francisco, had been ill for
over a year, and doctors he visited were unable to help heal
him of his problems. Paul was a victim of severe, and
unexplainable abdominal pains, which caused him a lot of
physical discomfort and to miss several days from work. He
suffered from lack of energy and vitality as well, and would lay
in bed to ponder his predicament, unable to arouse within
himself enough interest to even shave. He was also not
caring and this, too, began to influence his body’s inbuilt
powers of recovery in an adverse way. It was at this lowest
point in his losing battle with the disease that he sought help,
in the shape of Pyramid Power and the Healing Secrets of the
Ancients.

Paul commenced practising the ancient healing processes as
he lay in bed at night, concentrating all his attention on
releasing the positive healing powers of the cosmos into his
own life. He literally absorbed an overabundance of
dynamic, pulsating Pyramidic Healing Powers into every
erve and cell of his body as he lay in his bed. In addition to

THE SECRET OF PYRAMIDIC HEALING AND HOW
IT CAN HELP YOU HAVE BETTER HEALTH, MORE
VITALITY, AND A LONGER LIFE!
By now you're probably intrigued by what Pyramidal Healing
is, and just how it can help you to enjoy better health. Put
simply, the entire concept of Pyramidal Healing is based on
the manipulation of Pyramidal Health Rays to help promote
the natural healing forces of the body. And that's exactly
how it works. Here's just a small selection of what this
amazing power can do...
* The red pyramidal ray of energy can fill you with
  unlimited energy and vitality. It can also help in
  the natural healing treatment of blood diseases.
* The blue pyramidal ray of tranquility can fill you with a
  sense of tranquil happiness and peace of mind. It can also
  help the natural healing of all forms of infection.
* The green pyramidal ray of revitalization can fill you with a
  much more powerful sense of purpose. It can also help
  promote the natural healing of diseases affecting the
  circulatory system, nervous system, and the heart.
* The apricot pyramidal ray of assimilation can help you to
  assimilate new information into a collective and constructive
whole so as to use it to your benefit. It can also help in the
natural healing treatment of respiratory diseases - including
asthma.
* The yellow pyramidal ray of purification can help to rid
  your mind of destructive self-doubt which can effectively
  block the flow of Pyramidal Energy into your life. It can also
  help promote a natural healing of diseases affecting the
  intestines including diabetes.
* The turquoise pyramidal ray of contentment can fill you
  with a new sense of emotional fulfillment. It can also help
  promote a natural healing of illnesses and diseases affecting
  the brain, ears, eyes, nose and throat.
* The violet pyramidal ray of regeneration can help com-
  pletely regenerate your mind, body and soul. It can also
  help in the natural healing treatment of insomnia and
  mental disorders.
* The white pyramidal ray of positive vibrations can fill you
  to the brim with a positive mental outlook. It can also help
  with the natural healing treatment of various minor
  diseases such as colds and flu.

...and that's only the beginning!

How Philip R. Used Pyramid Power to Receive a Cure
Philip R. was an average middle-aged man, from the
mid-western United States, who had suffered from many years
of one illness or another, and the doctors were at a loss as to
how to help him. He was also diagnosed as having kidney
stones and suffered from constant pain because of this. The
doctors wanted to operate, but Philip didn't like the idea. It
was then, at this darkest hour of his life that Philip turned to
Pyramid Power and the Healing Secrets of the Old Ones.
He sought out a world-renowned astrologer, psychic and
authority on Pyramid Power and the Occult Sciences, for help. This individual gave Philip a Pyramidal Healing Ray, not unlike those contained in this chapter, to use for three weeks. At the end of the stipulated period of time, Philip found that a meal no longer made him feel sick, and was filled with more self-confidence which enabled him to face the prospect of an operation – without fear of any kind.

**PART 1: (A) USED TO HELP TREAT DISEASES OF THE BLOOD**

Pyramid Power Magick Incantation
AUM – A – NU – BIS – AUM

This Pyramid Power Magick Incantation should be repeated nine times for a period of nine days. If the desired results are not realized and experienced during this period, repeat nine times for an additional nine days, or until such time your Personal Pyramidal Health Restorer is sufficiently energized to materialize improved health for you.

Begin the treatment by closing your eyes and relaxing. Use the mind’s psychic third-eye, your invisible occult power: eyes, to visualize your Personal Pyramidal Power Generator. Visualize it as vividly and clearly as possible.

Concentrate on its interior. It will be dark, and then begin to fill with a bright, white light. Visualize this light flowing down and around you. Continue until it fills the interior of your Personal Pyramid Power Generator with white glowing light.

Recite the Pyramid Power Magick Incantation a total of nine times.

As you recite the Incantation, which can be done either verbally or mentally, imagine the brilliant white light all around you is changing and becoming the color of red gold, as you speak the words-of-power of the Pyramid Power Magick Incantation.

Concentrate on this shimmering, golden-red colored light, visualize it as clearly as possible and watch as it begins to vibrate to Ancient Healing Forces of the Cosmos.

You are now sitting inside your Personal Pyramidal Health Restorer.

**In on:**

“Divine Anubis, protector of lost souls, in this world and beyond, I beseech Thee to grant me an ounce of Thy Mystic Life Force, so that with it I may, with Thy help, become as one with Thee – perfect and whole. If it be Thy will, Anubis.”

Now as you sit for a few minutes, enjoying the positive vibrations of the Ritual, breathe deeply, imagining the red light being drawn downward to your solar plexus. Then, as you exhale, imagine this magick life force spreading and flowing either to all parts of your body or to a specific, in this case the veins, area of your body. This should be repeated over and over again for at least five minutes.

In short – *become the light!*

It is at this point that you must focus your complete attention on the Ritual – and what it is you wish to achieve. No other thoughts must be allowed to enter your mind. Concentrate entirely upon your desire for better health or more vitality, and how the Ritual can help you to realize them. Keep this positive thought in your mind both day and night.
Note: Use the Pyramidal Health Restorer to achieve only one healing at a time. Holding two or more health desires in your mind at the same time, will tend to weaken the healing powers of Pyramidal Energy – and your Personal Pyramidal Health Restorer.

Under no circumstances should this Pyramidal Health Ritual be used as a cure-all. Use it only as a supplement to prescribed treatment.

How Shirley H. Used Pyramidal Power to Quit Smoking and Improve Her Health
A forty-five year old housewife, Shirley H., had been smoking for over thirty years when she first became involved with Pyramidal Power, and the Healing Secrets of Ages Past. She had tried one method after another to quit her harmful addiction to smoking, including hypnosis and mind power, but all to no avail. When she discovered the healing forces of Pyramidal Energy from Ancient Egypt, she began using ancient mystic power diligently each day for one month, and she was soon able to quit smoking altogether.

As you recite the Incantation, which can be done either verbally or mentally, imagine the brilliant white light all around you is changing and becoming the sky blue of Isis, Egyptian Goddess of the Moon.

Concentrate on this bright, shining light, visualize it clearly and watch as it begins to pulsate with the Ancient Healing Forces of Isis.

You are now sitting inside your Personal Pyramidal Health Restorer.

Intone:

"Blessed Isis, high priestess of celestial healing, I ask of Thee to grant me a taste of thy Lifeforce so that with this divine gift I may, if it is with Thy blessing, become as one with Thee, perfect and whole in every way. Know now that this is my wish, O Divine and Eternal One. So shall it be forever."
Now as you sit for a few minutes, enjoying the positive vibrations of the Ritual, breathe deeply a few times, imagining the blue light flowing downward to your solar plexus. Then, as you slowly exhale, visualize and feel this magick lifeforce spreading and flowing either to all areas and centers of your body or to a specific part of your body. Under no circumstances should this Pyramidic Health Ritual be used as a cure-all. Use it only as a supplement to prescribed medication.

HOW PYRAMIDIC HEALING POWER HAS BEEN USED FOR CENTURIES IN THE MYSTIC AND OCCULT WORLDS

As much as I would like to, I can’t take the credit for instigating the use of color healing techniques. On the contrary, many world famous psychics and mystics have developed their own rituals and methods a little different to those found in this book, but which still employ a small fraction of Pyramidic Healing Power, though under other slightly more exotic names.

Take metaphysicist Evelyn Monahan, for example. In her book, *Miracle of Metaphysical Healing* (now out of print), she says how, at the age of 22 years, she suffered a serious head injury, which left her blind and epileptic – experiencing as many as 12 different seizures each and every day following the accident. Yet, using the odd healing qualities which certain colors seem to possess, this remarkable young American was able to overcome every last one of her handicaps, and now lives a normal, happy, and healthy life!

In this book, I have omitted the usual mish-mash, wild theories and general nonsense normally associated with such practices and which are even now effectively blocking the flow of Universal Healing Power into all our lives, and have presented what I sincerely believe in my heart are the “lost secrets”, in respect of Pyramidic Healing Power, and how one may use them for better health, more energy and vitality, and most important of all, a longer life.

PART 3: (C) USED TO HELP CURE NERVOUSNESS

Pyramid Power Magick Incantation

This Pyramid Power Magick Incantation should be repeated nine times for a period of nine days. Concentrate on its interior.
It will be dark, and then begin to fill with a bright, white light.

Visualize this light flowing down and around you. Continue until it fills the interior of your Personal Pyramid Power Generator with glowing white light.

Recite the Pyramid Power Magick Incantation a total of nine times.

As you recite the Incantation, which can be done either verbally or mentally, imagine the brilliant white light all around you is starting to change, becoming a soothing and relaxing shade of green.

Concentrate on this soothing, relaxing green light; visualize it as clearly as possible and watch as it begins to vibrate to the Pyramidic Healing Forces of the Cosmos.

You are now sitting inside your Personal Pyramidic Health Restorer, and there is virtually no limit to its metaphysical healing properties and potential for help in curing afflictions.

Intone:

“Beloved Thoth, master of time and medicine, I call Thee, and ask of Thee to grant me a gift of but a small portion of Thy own Lifeforce – which say I shall heal me of my nervous fears in the twinkling of an eye. I beseech Thee, a gentle and kind Spirit, to grant me this wish as made known to Thee this day. In Thy Name I shall be healed.”

Now as you sit for a few minutes, enjoying the positive vibrations of the Ritual, breathe deeply a few times, and imagine the green light flowing downward to your solar plexus. Then as you exhale slowly “feel” the magickal essence spreading and flowing either to all parts of your body, or to a specific part of your body. This should be repeated over again – for at least five minutes.

In short – become the light.

It is at this point that you must focus your complete attention on the Ritual – and what it is you wish to achieve.

No other thoughts must be allowed to enter your mind.
Concentrate entirely upon your desire for better health or more sense of purpose – and how Thoth can help you to realize them. Keep this positive thought in your mind, both day and night.

Note: Use the Pyramidic Health Restorer to achieve only one healing at a time. Holding two or more health desires in your mind at the same time, will tend to weaken the healing powers of Pyramidic Energy – and your Personal Pyramidic Health Restorer.

Under no circumstances should this Pyramidic Health Ritual be used as a cure-all. Use it only as a supplement to prescribed medication.

ANCIENT EGYPTIAN LONGER LIFE SPELL

This Pyramidic Health Power Spell is based on one that dates back to 1500 B.C., but simplified so as to increase its magickal properties a thousandfold. The only requirements are solitude, a suitable frame of mind, and a few minutes of your time. The original spell on which it is based was incorporated into the funeral rites described in the Egyptian Book of the Dead, so as to ensure continuance of the lifeforce after mummification had taken place.
In effect, the spell helps to promote better health, more energy, and longer life for its user. Prior to commencement of the Spell, obtain a small piece of plain white paper and draw upon it a scarab on one side, and the forbidden Egyptian hieroglyphics required for the Spell on the other side. Use ordinary everyday items to create the amulet. Any colored ink can be used for this purpose. You are now ready to begin.

The Ancient Egyptian Longer Life Spell Hieroglyphics

Note: a scarab and a beetle are one and the same.

At either dawn or midday on a Sunday, for these are the times the magical forces governing good health are at their most beneficial — according to occult lore, that is — stand facing east, the amulet in your hand, and recite the following adjuration to the ageless forces of ancient mid-east magick.

I invoke:

"O Powerful Forces of the Sun and Good Health, I hold in my hand the Scarab and the unspoken words of the Ancient Ones, and I call on Thee to do justice unto me at all times. May Unas, and all those who stand with him, rain down a torrent of good health upon me."

Your piece of paper is now a highly powerful charm against disease and premature old age. Carry or wear it on your person at all times.

How Christopher G. Stopped His Daughter's Asthmatic Attacks With Color Healing

Christopher G.'s little daughter was just seven years old, when he first sought metaphysical help for his ailing young child. Sona G. — a particularly charming little girl with an unusually captivating personality — had suffered from constant asthmatic attacks since before her fourth birthday, and they were making the poor child's life a big misery. And despite the very latest medical treatment, she was unable to find the slightest relief from the daily attacks — sometimes up to four attacks a day.

"My little princess has suffered enough," Christopher told a noted American metaphysicist, visiting his town as part of a nationwide lecture tour. "I'm prepared to try anything, regardless of how weird or bizarre it might be, which can help my little girl live a normal life with the other children in the neighborhood."

The metaphysicist, after asking a few pertinent questions, explained to Christopher the basic principle and fundamental
truths, in terms of color healing. He instructed Christopher in the correct procedure which would help treat his daughter's asthmatic condition.

After a mere ten days, Sonia had gone an entire week without suffering a single attack! At the end of three weeks, when Christopher took a healthier Sonia for her monthly visit to the local doctor – he received the biggest surprise of his life.

Sonia was cured!

The amazed doctor told Christopher that Sonia could be gradually eased off her medication.

The magickal forces of Pyramidic Healing Power – as used in color healing – had opened the door to a whole new way of life for Sonia, and now these same magickal forces are available for you to use, now and forever!

PART 4: (D) USED TO HELP TREAT RESPIRATORY DISEASES

Pyramid Power Magick Incantation
AUM – HA – THOR – AUM

This Pyramid Power Magick Incantation should be repeated nine times for a period of nine days. If the desired results are not realized and experienced during this period, repeat nine times for an additional nine days, or until such time your Personal Pyramidic Health Restorer is sufficiently energized to materialize improved health for you.

Begin the treatment by closing your eyes and relaxing.

Use the mind’s psychic third-eye, your invisible occult power eyes, to visualize your Personal Pyramid Power Generator. Visualize it as clearly and vividly as possible.

Concentrate on its interior.
It will be dark, then begin to fill with a sparkling, white light.

Visualize this light flowing down and around you. Continue until it fills the interior of your Personal Pyramid Power Generator with white glowing light.

Recite the Pyramid Power Magick Incantation a total of nine times.

As you recite the Incantation, which can be done either verbally or mentally, imagine the brilliant white light all around you is starting to change, becoming an exotic shade of apricot, as you speak the words of the Incantation.

Concentrate on this unusual, yet stimulating apricot light, filling the interior of your Personal Pyramid Power Generator.

Visualize this light as clearly as possible and watch as it begins to vibrate to the Pyramidic Healing Forces of the Cosmos.

You are now sitting inside your Personal Pyramidic Health Restorer and there is virtually no limit to its metaphysical healing powers in curing physical and mental disorders.

Insone:
“Gentle Hathor, guardian of the weak, I call to Thee in the darkest hour of night, and beseech Thee to place Thy hand upon my chest so that I may know freedom from pain and peace of mind – now and forever. Bathe me in Thy healing rays, and make me whole again. With Thy blessing, so shall this be.”

Now as you sit for a few minutes, enjoying the positive vibrations of the Ritual, breathe deeply, and imagine the exotic apricot light around you being drawn downward to your solar plexus. Then, as you breathe out, imagine the magickal essence spreading and flowing either to all centers of
your body or to a specific, in this case the lungs, part of the body. This should be repeated over and over again for at least five minutes at a time.

Concentrate entirely upon your desire for better health, and how the Ritual can help you realize it. Keep this positive thought in your mind at all times.

Note: Use the Pyramidal Health Restorer to achieve only one healing at a time. Holding two or more health desires in your mind at the same time, will tend to weaken the healing powers of Pyramidal Energy and your Personal Pyramidal Health Restorer.

Under no circumstances should this Pyramidal Health Ritual be used as a cure-all. Use it only as a supplement to prescribed medication.

PART FOUR
ADVANCED SECRETS OF PYRAMIDIC ENERGY
Chapter Six

USING PYRAMID POWER TO PROBE
THE SECRET THOUGHTS OF OTHERS
Permits you to stimulate the correct pyramidal vibrations with which to send and receive telepathic thought-impulses.

How the Occult Power of Telepathy Saved One Woman’s Life

Hazel D., an attractive young member of a psychic development class, was saved from a possible tragedy with the occult power of telepathy. She’d just met a young man named Kevin, and he was pushing her into going out with him. One day, during one of the development classes, she found the ancient secret of receiving thought impulses from the minds of others—at close range.

The very next day she tried it on Kevin, without his knowledge, and was shocked to learn that he was an escaped convict, on the run for at least the past six months, with an extensive police record for rape at the point of a knife, and that he was considered extremely violent. He had always been just a little too noncommittal about his past with her and Hazel had always “felt” he had been hiding some terrible secret to do with his past from her. Telepathic probing of his mind had proven a terrible fact—her feelings about the matter were all too true. Hazel was also very confused and frightened as to what she should do.

Who could she turn to?

She finally decided the best thing to do was contact the local sheriff, who was also a personal friend, for he would know what to do about this. He verified that Kevin was indeed an escaped convict from prison, and had him picked up at the supermarket where he was currently working and sent him back to prison where he belonged. Kevin was now out of her life for good, and she never once suspected her of being directly behind his arrest.
Hazel knew she had been spared a terrible ordeal for Kevin had been planning to rape and murder her as soon as the opportunity had presented itself, but had been denied the chance to carry out his cruel scheme.

Hazel is convinced the occult power of telepathy saved her life.

THE INCREDIBLE SECRET OF PYRAMIDIC TELEPATHY

The Ancient Power of Pyramidic Telepathy can let you probe the most intimate secrets of others, almost automatically. You can begin to sense hidden and secret things in the mind of any person within range of your Personal Telepathic Pyramid Receiver, once you learn how to focus and use it. This amazing power can now be yours:

Here are just a few of the things you could soon be doing:

* You could be reading the mind of any man or woman, young or old, friend or stranger, at close range!
* You could be knowing the most intimate secrets of others standing right beside you, over the telephone — or even half a world away!
* You could be transmitting silent thought commands to whichever you choose, even perfect strangers, regardless of where they might be in the world!
* You could be creating an impenetrable telepathic barrier around your mind to protect your secret dreams and schemes from probes by other telepaths!
* You could be transcending the barriers of time and space to know past and future generations — or even other dimensions!
* You could even be taking mind-expanding journeys to the stars to contact space aliens on strange, far away worlds!

Once you have mastered this amazing power, you can begin to sense the innermost secrets and desires of whomever you like — it can be an old friend or a perfect stranger, no matter where they may be. It is good to remember that Pyramidic Telepathy is unrestricted in regards to the physical limitations of time and space as we perceive it.

As with any esoteric ability, the occult power to successfully tune in to the telepathic thought-impulses radiating out from the innermost secrets of other minds requires time and patience, and you need no new psychic equipment except your own mind and the Pyramid Power Rites and Incantations. Have faith in your own abilities — and you will succeed.

Start to develop this ancient power today and, within the next week, you could well be on your way to finding out who your real friends are and their secret dreams, who to trust and who not to, and a host of other bits and pieces of secret information which you can use to better your own life in an infinite variety of ways.

Once you have mastered it, the ancient power of Pyramidic Telepathy will always be there at your unspoken command.

RITUAL OF THE TELEPATHIC PYRAMID RECEIVER

Used to stimulate the correct pyramidic vibrations with which to send and receive telepathic impulses.

Pyramid Power Magick Incantation
AUM — O — SI — RIS — AUM
This Pyramid Power Magick Incantation should be repeated nine times for a period of nine days. If the desired results are not realized and experienced during this period, repeat nine times for an additional nine days, or until such time your Personal Telepathic Pyramid Receiver is sufficiently energized to help you send and receive impulses from others.

Begin the Ritual by closing your eyes and relaxing.

Use the mind’s psychic third-eye, your invisible occult power eyes, to visualize the interior of your head. It will be hollow and filled – in your imagination – with a dense, inky darkness. At the exact centre of your head, in line with the square-inch space between your eyes, visualize a tiny golden pyramid – pulsating with telepathic power. What you are looking at is your Personal Telepathic Pyramid Receiver switched on, with the power of Pyramidal Energy!

Recite the Pyramid Power Magick Incantation a total of nine times.

As you recite the Incantation, which can be done either verbally or mentally, imagine the tiny pyramid has grown to the size of a marble – and concentrate on this ancient symbol of occult power for a minute or two.

Intone:
“O Powerful Osiris, Great Spirit of the Sun, I invoke Thee. There are those whose every thought I seek and desire to know. Rain down Thy mystic rays upon me so that I radiate Thy energies at all times. So mote it be, now and forever more, with the powers and virtue at Thy command, Powerful Osiris.”

Then, using your heightened powers of creative imaging.

begin to expand the golden pyramid until it seems to fill the whole interior of your head. Your mind is now filled with the ancient power of the Pyramidic Energy known as Pyramidal Telepathy.

The golden pyramid you are now visualizing is known as your very own Personal Telepathic Pyramid Receiver. There is virtually no limit to its occult powers.

The final stage of the Ritual is to expand, using your imagination, the golden pyramid outside of your head. Simply will the pyramid to go forth and fill the room from floor to ceiling – and it will do so. You have now reached the first stage of controlled Pyramidal Telepathy, the power to receive thoughts from anyone in the room filled with the gold light from your Personal Telepathic Pyramid Receiver.

Note: Repeat the entire Ritual daily until you begin to experience increased telepathic awareness. This increased awareness should begin to manifest itself in such ways as dreams of future events (telepathy time travel), and an awareness of what people are going to say and do before they actually speak and/or react (basic telepathy).

How Frank D. Improved His Love Life With the Power of Telepathy

For three weeks Frank D., a lowly paid factory worker and would-be millionaire, had been trying, quite unsuccessfully, to arouse the romantic interests of Samantha, the plant manager’s sexy new secretary. He was well and truly smitten, believing sincerely that this ravishing creature was his true soul mate. Unfortunately though, because Frank was a lowly assembly line worker, Samanthia was very indifferent to him. He figured she must be after bigger – and more affluent – fish and considered him to be something less than
human. But today was going to be something completely different, because today he would be using the occult power of telepathy to probe Samantha's mind and find out her true feelings toward him.

"Hiya, Samantha," he said cheerily as she got out of her car that morning. "Have a good time last night?"

She looked at him in her smuggy way, and said, "Oh good morning. I had quite a pleasant evening, thank you." But Frank's telepathic mind told him that her true thoughts were, "Why did I say that? I had - as usual - a rotten time, with only the cat for company."

"Any chance of you and I going out tonight?" he asked.

"Gee, I'd love to, really... but I'm going to be very busy all of tonight," she responded, without too much sincerity in her voice, like she always did. Except this time Frank sensed that she wasn't exactly telling the whole truth and that she was actually thinking, "Yeah I'm real busy, tonight. Sitting at home doing the evening paper's puzzle. What I would dearly love to do would be to go see that new movie at the local cinema. But who'd take me?"

"I hear that new movie in town is really good, how'd you like to see it tonight, Samantha?" he asked. "Just so happens I have two tickets to this evening's screening."

"I've already told you," she said, "I'm busy tonight."

But Frank was too smart and knew she was actually thinking, "I wish I was. I'm so desperate for a date I'd even go out with Frank, but knowing him he would probably take me to a pizza parlor or a hot dog stand for dinner... what assembly line worker earns enough money to show a girl a good time?"

"Gee, that's too bad, Samantha," said Frank. "It just so happens I know a terrific little Italian restaurant where they serve food worth a king's ransom." (He didn't really know where such a place was - but knew where he could find out in time to make a reservation.)

No prizes for guessing that Frank got the date. In no time at all, Frank had Samantha telepathically wrapped around his little finger as he knew everything about her, and how to get her to do things without uttering a single word.

PART 1: (A) USED TO READ MINDS AT CLOSE RANGE

Now is the time to develop the ability to sense the secret thoughts and plans in the mind of another person, standing near you, with the new Personal Telepathic Pyramid Receiver so you can use it instantly, when it is needed. Once you feel you have well and truly mastered this very helpful Pyramid Power Technique test it out on someone you know, without his or her knowledge, of course.

Begin a casual conversation with this person - and while you are in this state, command your Personal Telepathic Pyramid Receiver to grow, and fill the room. If the individual in question begins to act nervous or uneasy, it means you are succeeding in your attempt to probe within the hidden corners of his mind. He may become agitated and invent some silly reason for having to leave. Act completely indifferent about all this, should it happen.

If you feel you need help, silently intone the Incantation and Invocation to Osiris given on preceding pages.

So, keep practicing. It's well worth the effort. You can use mental Pyramidic Telepathy to gain a whole host of secret bits and pieces to benefit you and make your entire life a happier experience.

Try it - you'll be very glad you did.
EXAMPLES OF LONG DISTANCE TELEPATHY

A travelling salesman, Daryl S., used the occult power of long distance telepathy to keep track of his wife's activities, while he was out of town on business. He would call her on the telephone every chance he got, and not only found out how she was, but what she was actually involved in behind his back. After a couple of weeks of reading her secret thoughts long distance over the telephone, he came home unexpectedly to discover the telepathic impulses he had been receiving were true — and, shortly thereafter, filed for divorce.

Long distance telepathy can be particularly effective when keeping a tab on the happenings and situations involving loved ones. An excellent example of this is that of an American soldier on active service in the battlefields of Vietnam. At the exact same moment he was shot — in his left leg — his mother, nearly half a world away, experienced a stabbing pain in the very same spot on her leg as her son was wounded. This very amazing example of long distance telepathy is made even more remarkable by the fact it was spontaneous in nature — the wounded soldier's mother was not consciously using telepathy at the time of the incident.

An enjoyable variation of this occult power is to try and influence, for positive results, the thoughts and actions of people at a distance. A good case in point is that of Oscar S., a clerk for a large company, who had been desperately seeking female companionship for quite a few years. His problem was simple, he was short and bald, and could not seem to meet any woman who was prepared to love him for himself as an honest and hard-working individual. After a few sessions of sending out telepathic thought commands in every direction he succeeded in his ambition to attract females from all over the place, and for the first time in his life had more girlfriends than he could handle.

PART 2: (B) USED TO READ MINDS AT A DISTANCE

Once you feel you have mastered the ability to read minds at close range, and are thoroughly satisfied with your manipulation of the new Telepathic Pyramid Receiver, you are ready for the second of six very different stages of Pyramidal Telepathy, reading minds at a distance. Switch on your Personal Telepathic Pyramid Receiver, and expand it so it surrounds your head with the base apparently resting on your shoulders. You should also imagine the golden light is filling the inside of your head. Next, focus your complete attention on the person whose thoughts you desire to become aware of in this manner.

For example: suppose you wish to make telepathic contact with your friend, preferably someone whose mind you have already read at closer range, living in another part of town. At the centre of the golden light, inside the interior of your Personal Telepathic Pyramid Receiver, visualize the face of the person whose innermost secret thoughts, dreams and wishes you seek to know. Repeat the Pyramid Power Magical Incantation a further three times. It is at this point that you must, for any chance of success, focus your complete attention on what your desire is and how Pyramidal Telepathy will help you achieve it. Focus your entire concentration on the square-inch space between the imaged person's eyes.

Concentrate . . . and you should begin gradually to sense his or her thoughts about any subject you like to choose. The next time you meet or talk to this person, casually repeat something you sensed was down deep in his or her mind to see
how they react. In this way you can be kept informed of your skill and accuracy at reading minds over a long distance.

If you feel you need help, silently recite the Incantation and the Invocation to Osiris as given earlier in this chapter.

Practice every chance you get until you are satisfied you have the Pyramidal Telepathy power to read minds at a distance under total and complete control. You should then be able to sense the mind impulses, radiating out into the invisible electron atmosphere, over the phone as well. Call a friend up on the telephone and try to sense what he – or she – is thinking before the person actually speaks. Use the very same procedure you used for reading minds at a distance, and continue until you find you can do it automatically.

How Andrew A. Turned the Tables on an Unscrupulous Fellow Employee

Andrew A., an employee for a large New York based advertising and promotion agency, was constantly coming up with many highly original campaigns and designs for billboards at work. However, before it was possible for him to capitalize on them, a fellow employee, Franklin, would go to their boss and take credit for the ideas, even though at no time did Andrew wish this to happen or share his ideas with him – either at work or afterwards.

In desperation, Andrew visited a well-known American mystic seer, and poured out his troubles to him asking for help and guidance. The mystic advised him to create a mental barrier in his mind, using the same forces upon which Pyramidal Telepathy is based, to prevent more attempts at stealing his original and highly valuable ideas.

Andrew took the mystic’s advice and for one full week practised at setting up a protective mental barrier around his mind. After forming the mental barrier for a couple of days, Franklin began having severe headaches all day long. Eventually, after seven days of pain and sleepless nights which were beginning to take their toll on him, Andrew’s secret enemy went to the boss and asked for a transfer to an office on the west coast. Andrew had succeeded in blocking Franklin’s attempts at reading his mind and capitalizing on his ideas.

When you once create an impenetrable telepathic barrier around the mind with Pyramidal Telepathy, any person who is foolish enough as to try and probe the inner secrets of your mind will begin to experience severe physical and mental anguish as his or her thought projections begin to rebound.

This particular Pyramidal Telepathy Technique is a good shield against secret psychic attack upon the mind, and the evil forces of black magick.

All of which brings us to .

**PART 3: (C) USED TO CREATE A TELEPATHIC BARRIER**

Magick – Ritual Magick, that is – has been practised for quite a long time. Skilled interpretation of selected ancient Egyptian papyri has led modern occultist and scientist alike to theorize occult powers such as telepathy, psychokinesis and dowsing for water under the ground, and magick have been practised since at least the year 4000 B.C.

Many a modern magician and/or witch possesses a limited knowledge of this ancient wisdom, and will quite often use this understanding, if it can be called that, against others. This is known in the world of occult powers as Psychic or Black Magick Attack. If your life has suddenly turned rotten, for no apparent reason, you may very well be the victim of such an attack upon your mind.
Obviously, you are going to need occult protection against this and the destructive forces of black magick. Part Three of Pyramidic Telepathy is just right for this particular purpose. With it, you can build an impenetrable barrier around your mind so powerful, so everlasting; no demon of the mind can ever hope to penetrate it, even ones conjured by Pyramidic Telepathy itself!

**HOW TO KNOW IF SOMEONE IS ATTACKING YOUR MIND**

Like it or not, when you finally make a success of your life with the magickal forces of Pyramidic Energy – and sometimes, when you do not – you will have made at least one enemy along the way. You shall suddenly become the unfortunate victim of malignant occult energies, in the shape of invisible negative thoughtforms, sent to you by your enemy. If you were to see these creatures in their true form, they'd resemble cloud-like masses of darkness. This secret attack upon your peace of mind may stem from jealousy, envy, or just pure hatred. You may even suspect who your enemy is, or perhaps, as is so often true, someone disguised as a friend may be your secret enemy and attacker.

The effects of this insidious attack can be quite terrible on the peace and tranquility of your life. You are plagued by ill health of every type. You are unable to sleep. Your friends begin to avoid you and turn against you. You lack energy and vitality. Your marriage is affected. You begin to suffer fits of depression. And a whole lot of other, equally unpleasant effects.

When you feel you are indeed the victim of a black magickal attack, there is only one thing for you to do – and you must erect a new Pyramidic Telepathy Mind Barrier! The ancient Egyptians know this, and used such barriers against evil occult forces of the mind.

Now, you too can enjoy this magickal protection. When you once create your Personal Pyramidic Telepathy Mind Barrier, all negative occult forces and attempts at probing your innermost secrets will rebound on your attacker. Your enemy will then begin to suffer the terrible physical and emotional effects of his or her own evil act.

**CREATING YOUR PERSONAL PYRAMIDIC MIND BARRIER**

The first step in setting up an impenetrable mental barrier around your mind is to retire to a quiet area of your home, where you can be free from distractions and able to relax. This would be an excellent and positive area to practice your Pyramid Power Spells and Rituals – to stimulate the pyramidic vibrations you need for success.

Next, either sit in a comfortable chair or lie down in this magick area of your home. Close your eyes and relax. Let your mind go blank. Switch on your Personal Telepathic Pyramid Receiver, as you have been shown. Expand it gradually to the size of a pea, filling it with more brightness and Pyramidic Energy than ever before.

Now, expand it slowly until it surrounds your head with the bottom apparently resting on your two shoulders. You should also imagine the golden light filling the inside of your head. Next, focus your complete attention on what your desire is and how the Pyramidic Energy New Mind Barrier will help you achieve it.

Intone:

"Dear Isis, divine protectress, I invoke Thee, in all Thy celestial power and virtue to envelop me in a..."
barrier against which all evil creatures and thoughts shall be rendered powerless. Those, who seek to do me harm, shall now be tormented – and their vile minions returned to them. Know, O Divine One, that this is my stated desire and be Thou ready to grant this protection.”

Now, start to slowly imagine the exterior of your Personal Telepathic Pyramidal Receiver is changing into white marble – with metallic shield completely surrounding the tip of the pyramid. Concentrate and you will begin to feel your Personal Pyramidal Telepathy Mind Barrier actually becoming heavy with the enormous amount of Protective Pyramidal Energy packed into it. (It will not be physically heavy though – only mentally, so there is absolutely no danger of it causing you any kind of physical discomfort.)

Oddly enough, the bones of your skull really do contain a metallic element which acts as a protective shield around your brain. This odd element is calcium, which is an actual metal of the same atomic group as beryllium and magnesium.

Once the Pyramidal Telepathy Mind Barrier has been set up you will have a powerful psychic guardian of your secrets. They will be hidden deep within your mind. No one will be able to attack you psychically, or steal any of your original ideas for self profit. You will have an impenetrable barrier around your mind.

USING YOUR PERSONAL PYRAMIDIC TELEPATHY MIND BARRIER
Practice creating your Personal Pyramidal Telepathy Mind Barrier every day, for five minutes at a time, until you can do it automatically, and generate the protective barrier in 90 seconds or less.

Learn to use this ancient protective power force before going to bed at night, for in this way no one will be able to probe the innermost secrets of your mind or influence you with telepathic mental commands during the hours of sleep.

The case of Andrew A., which you have read, is a good example of how it works. Once you generate the Mind Barrier, with the blessing and assistance of Isis, anyone attempting to probe the thoughts and dreams hidden deep within your mind will simply get a king size migraine for their troubles.

Talisman to Know the Thoughts of Others
SPECIAL WAYS TO USE PYRAMIDIC TELEPATHY

When you once thoroughly master Pyramidal Telepathy, this ancient power force can be utilized in a wide variety of ways. From using it to read the mind of any person on the face of the earth, to visiting the time periods of past and future generations—and even the weird worlds of alternate realities.

You can take incredible, mind-expanding telepathic journeys into past and future time periods, and experience new and utterly unreal levels of magickal awareness while exploring alternate realities as you sit or lie within your Personal Telepathic Pyramid Receiver.

In addition to this, your higher occult mind centers can be used to solve problems, both business and personal, while in the ancient state of heightened pyramidal awareness.

There is virtually no limit to the possibilities.

To reach a predetermined destination, quietly recite the following magick incantation immediately prior to entering the telepathic state of awareness each day:

"I call on Thee, O Ancient Ones from beyond the stars, to assist me in this and all my mind-soul journeys to lands beyond my own. I desire Thy help and guidance— for I am only a mortal— in solving this, my problem: (define the problem). Know also, Powerful Ones of the sky, that I desire to visit the past and future times of this world, and to explore the invisible worlds of space and time while in the telepathic state of mind. So shall Thee obey me."

When you have finished reciting the above incantation, pause for a few minutes and focus your complete attention on what it is you desire to achieve while in the telepathic state of heightened awareness.

If you desire the solution to a specific problem, first study this problem from every angle before creating your Personal Telepathic Pyramid Receiver and know that with it you can draw to you the solution to your problem. Know that someone, somewhere, has the answer to your problem deep within his or her mind and that your Personal Telepathic Pyramid Receiver has the power to place their thoughts in your mind and, in so doing, help solve your problem.

If you wish to visit a past or future generation, invoke vivid and crystal-clear mind pictures, using your invisible occult power eyes; the same applies for telepathic explorations of bizarre dimensions of alternate space and time.

Having prepared both your mind and soul for the telepathic journey, all that remains is for you to follow the detailed instructions given later in this chapter for telepathic experiments beyond Part Three of Pyramidal Telepathy.

PART 4: (D) USED TO COMMUNICATE WITH ANIMALS

Animals which have an affinity with man can be communicated with through the miraculous force of Pyramidal Telepathy and your Personal Telepathic Pyramid Receiver. It will work best when used for an unspoken contact with family pets such as dogs, cats, birds or even horses, if you happen to live on a farm. The wilder types of animal life such as lions, tigers, ducks and so on, are difficult when it comes to establishing a telepathic link, for they are by nature, very wary of man and his gun.

Part Four is a psychic variation of Part One. After you have the Telepathic Pyramid Receiver filling the room from floor to ceiling, with its golden light, gaze at the chosen animal and mentally order it to come to you. If you and your pet are
very close, you’ll start getting results after the first few attempts.

Practice communicating with your pet over and over, until you have established a telepathic link between you and your pet. You will then begin receiving emotional sensations from your pet which it is trying to send you from its mind. You will then begin to experience sensations of love, hate, anger, sadness, boredom, hunger, fear and a whole host of other animalistic emotions.

Try it with your family pet and see how much closer you become and how easily it can happen after only a few attempts.

**HOW TO PREPARE YOUR MIND FOR TELEPATHIC PROJECTION THROUGH TIME AND SPACE**

The ancient power of Pyramidal Telepathy can project your thoughts into past and future ages very simply and easily. The first step in a consciously controlled projection is to impress the Ancient Egyptian Gods with a strong, emotional desire to succeed in telepathically projecting to predetermined destinations in the vortex of time.

Every day, for at least nine days, recite the Incantation to the Ancient Ones, no less than nine times a day for the specified time.

At the end of the nine days your higher occult mind, which is the controlling factor behind all successful telepathic projections over the edge of time, should have been sufficiently imprinted with these special desires, to project your mind through time at will.

A strong will and desire to succeed must be foremost in your mind at all times, if successful telepathic time travel is to be achieved in this way.

... In going out, you should have an open mind on all possibilities – no specific expectations or preconceptions – as to what you may see, and as to what the initial experience may be like.

Double hinders development of Pyramidal Time Travel, because it’ll prevent intense imaging of the desired outcome, i.e. – time travel!

**PART 5: (E) USED TO TRANSCEND THE DIMENSIONS**

Have you ever secretly desired to step into a Time Machine and visit famous periods in history, to experience them first hand, gain hitherto unknown facts or simply indulge in the thrill of actually being there?

Have you ever wondered, for instance, exactly what did take place at the Alamo? Or perhaps you could pay a visit to Victorian England in the year of 1888, and find out exactly who was Jack the Ripper? Can this be done?

Yes it can, with Part Five of Pyramidal Telepathy. With it you could be transcending the dimensions in no time at all. Proceed as follows:

1. Approximately one half hour prior to sleep, obtain a book – or if this is not possible, a magazine article – about the period in history, or famous individual you wish to visit telepathically. Fill your mind a thousand times over with information about the time – what the populace of the period ate, the type of clothes they wore, the major happenings, how they reacted to one another and so on, until your mind is literally pulsating with the proper pyramidic vibrations with which to transmit a portion of your consciousness back and forth along the vortex of time.

2. As you feel yourself drifting off to sleep, generate your
Personal Telepathic Pyramid Receiver to the size of a marble, and hold it firm in your mind as you drift into the sleep state. It is at this point you must focus your complete attention on the period in history you wish to visit — your Personal Telepathic Pyramid Receiver will do the rest.

3. Keep a pad and pencil beside your bed and, upon waking the next morning, write down as much detail as you can remember. If you do not do this, all memories of your trip through time will merge into, and become confused with, your daily thoughts.

You can use this same Pyramidal Telepathy Technique to make contact with the Spirit World so as to communicate with the departed loved ones on the other side, or friends who have also left this plane of existence. It is best to use something which belonged to the deceased individual as the instrument by which you can telepathically tune into the Spirit World.

Telepathic excursions into the distant future are achieved in much the same way, although in this instance the tuning in factor becomes, to say the least, slightly difficult. The best course of action is to make attempts at establishing a telepathic mind link with yourself at various future times, and make a note of the results. In this way you can check for accuracy at a later date.

MINDS ACROSS THE COSMOS

UFO. Every time you hear the word it conjures up mental images of other worlds and strange, alien civilizations.

It has been estimated that there might be anything up to 10,000 — yes, that’s right — planets in our galaxy alone which are capable of supporting living creatures, though the life on these other worlds, not surprisingly, would not necessarily be the same as that existing here on the Earth. There might actually be bug-eyed aliens out there just waiting for the chance to attack!

In recent years, two motion pictures, both extremely successful — and highly acclaimed by critics and movie-goers alike — have speculated on the possible consequences of open contact with space aliens. Aliens possessing highly developed mental abilities.

Why haven’t we heard from them? Could it be we have been using the wrong means of communication?

THE DAY I MADE CONTACT

On the evening of August 24th, 1982, I established telepathic contact with space aliens from a planet beyond Epsilon Orionis — being the central star in the belt of Orion, the Hunter. Once my initial shock had passed, an image of an alien space vehicle was telepathically transmitted into my mind. This was quickly followed by a view of the craft’s weird interior and of the aliens. I could see only three aliens, and all three wore dark-colored attire with a centralized, rust-colored, bas-relief which ended in a sharp point.

Contact was again established the following evening. An image of the constellation of Orion, with a white circle of light flashing on and off around Epsilon Orionis, appeared in my mind and I took this to be an indication of where the aliens came from in space. Next, it seemed as if I were moving slowly through a star system. A greenish phosphorescent glow appeared in the distance, and as it drew closer I could see that it was, in fact, a planet shrouded in a strange, green mist-like atmosphere. Upon entering the strange world, I could see a rust-colored mountain range and a portion of a vast city illuminated with many bright lights. As this scene vanished...
from before my invisible occult power eyes, the image of one of the alien’s space vehicles was beamed before my mind’s psychic third-eye. It was surrounded by a swirling and pulsating mass of maroon-colored substances, and I sensed it was connected with energy transference, and that was how the star ship travelled through the vast distances of interstellar space. Inside the ship, two aliens held on tight to a strange machine with two handle-like protrusions, and I received the distinct impression that it powered the space vehicle, in some way.

Once contact was again established the following evening, an odd symbol was beamed into my receptive mind. It appeared to be a three dimensional image. This was followed by an area of swamp surrounded by thick vegetation. In the distance stood a smoking volcano. Areas of semi-solid land collapsed inwards, and an odd-looking maroonish colored creature, with eyes at the end of two tentacles, appeared— and acted as if it were aware of my presence, if only in thought. I saw a crowded city of tall towers and bright lights. The roads and streets were filled with aliens—all dressed exactly alike, in jet black stockings. Then, the image of a bizarre, cloud-like, green substance was beamed into my mind. It was in a desolate area of space, and I sensed it was in some way dangerous and that, somehow, the aliens had lost many of their spacecraft while trying to pass through it. Finally, an alien star chart was flashed to my inner occult mind.

In the second last contact, I saw a section of the control room inside an alien spacecraft. This comprised of a console with quite a few cubic buttons—red, blue, and green in color—which formed a large square pattern. An alien pressed some of the buttons and an image of the constellation of Orion was displayed on a large rectangular screen positioned in front of the console. In the lower half of the screen, a white, five-sided image appeared, which was then filled with a series of white vertical lines, with a red flashing light at its centre. The impression here was of navigation.

The final— to date—contact occurred in a slightly different way. On the evening of May 13th, 1983, I filled my mind with the golden light of ultra-telepathic power prior to the onset of the night’s sleep and concentrated on establishing contact. Sometime during that night, I had a “dream” in which I stood looking at a cloud-filled night sky. At the centre of the clouds appeared the first of two very different spacecraft. It was cigar-shaped and emitted beams of intense white light. The object disappeared back into the clouds. Shortly thereafter, the clouds parted and revealed a dark elliptoid shaped object, with a row of red lights strung across its centre—this craft was in sight for approximately five seconds before rising upwards into the clouds.

Readers wishing to read a more detailed account of the aliens and to see actual reproductions of the various visions I experienced, should, I would suggest, purchase a copy of my previous work, Mystic Mind Power— available from the publisher of this book—in which will be found this information.

PART 6: (F) USED TO CONTACT SPACE ALIENS

Part Six is a psychic variation of Part Five. After you have obtained a fair degree of success in transcending the dimensions of time, you’ll be ready to attempt contacting minds across the galaxies with Part Six, of Pyramidal Telepathy.

Proceed as follows:

1. Lie down in a darkened room and generate your
Personal Telepathy Pyramidal Receiver to the size of a marble
and hold the imgae firm, in your mind, for as long as you can.
Imagine your mind to be filled with the golden light radiating out from the tiny pyramid.

2. Let your mind go blank.
3. Imagine the golden pyramid is growing brighter and brighter and brighter, until it seems to be literally pulsating with power, expand it until it reaches the outside of your head with the base apparently resting on your shoulders. You are now ready to begin an unbelievable mind journey to the outer limits of the galaxy.

4. Now, using the immense amount of ultra-telepathic pyramid power you've just generated, begin to concentrate on contacting aliens from worlds not our own. Imagine the pyramidal vibrations of telepathy are reaching out and searching for the first signs of contact with beings on strange, alien worlds somewhere beyond the stars.

With luck, you should begin receiving mental images and sensations which are totally alien to our world. I say should, because reaching alien minds requires such an intensified amount of Pyramidal Energy, that there is only a 75% chance of success.

A WORD OF APOLOGY

The advanced stages of Pyramidal Telepathy, contacting aliens in space, communicating with animals, and penetrating the time vortex, do not work for everyone – even with the help of an Ancient Egyptian God, or two. But if you are genuinely prepared to put effort and a great deal of time into perfecting them, there is a most definite good chance of achieving some kind of success.

How Mary K. Developed Amazing Psychic Powers After a Spontaneous Astral Projection

The subject of this particular case history is a very well-known Australian psychic healer and medium, who was once an acquaintance. Famous celebrities from both Australia and America, as well as many company directors and other influential individuals, would flock to her modest home to pay her for her psychic advice which would range from which suitor to marry, to which stock to invest in. Mary K. (not her real name) was, when I knew her, making hundreds of dollars seven days a week, fifty-two weeks every year. A very lucky lady. But Mary was not always so lucky.

Just a few years before I met her for the first time, Mary was an ordinary housewife, perhaps just a little forlorn, struggling to be ahead of the creditors and raise two small boys. Recently divorced, she tended to find life a little hard going at times, but managed a happy disposition in face of every hardship. Life was not perfect – but it could have been a lot worse.

Then one day, Fate dealt her the cruelest blow of all. Returning home from doing the weekly shopping, her arms filled with the meager supply of food she could afford to buy on welfare, Mary suddenly collapsed in the street. The next thing she remembered was lying in a hospital bed surrounded by doctors and nurses who could not find a reason for her sudden collapse.
During the weeks she spent in the warm confines of her hospital bed, Mary had a spontaneous astral projection. An experience which would change her life, forever.

Idly gazing out through the window of her ward, admiring Spring outside, Mary suddenly found herself "floating" in the air looking down at herself, apparently sleeping safe and sound in her hospital bed.

The ward seemed to "dissolve" around her, and she found herself in the midst of an aboriginal camp somewhere in the Australian outback – she has persistently refused to divulge the exact details of her stay with the aborigines – but upon returning to her physical host body an amazing thing happened. Mary found that she now possessed an amazing, unbelievable level of psychic power.

What made this discovery even more remarkable was the fact that in the years prior to this amazing astral experience, Mary had in no way been the least bit psychic.

SECRET OF THE PYRAMIDIC ASTRAL DOORWAY

How would you like the ability to travel vast distances in the twinkling of an eye? To discover the secret intentions of friends, lovers, enemies, and strangers? To visit any country on earth without an airline ticket?

Impossible? For the practitioner of the Sacred Sciences nothing is impossible! The ancient Egyptian Magi possessed the secret of how one could become astrally invisible, the ability to separate the duality, the two halves of their personalities, the metaphysical and physical, to become an invisible presence in the ancient world, visible only to fellow astral travellers and certain other "enlightened" individuals.

The astral body, or soul, was known to the ancient Egyptians as ba and it was Anubis's job to safeguard it during its absence from human bodies undergoing operations. You will be calling on Anubis later, to help consecrate your Personal Pyramidal Astral Doorway, and induce an astral experience during the hours of sleep.

While in the astral state you will possess the occult powers to go beyond the dimensions of time and space (as with Pyramidal Telepathy), visit the Spirit World to speak with departed friends and loved ones, discover secret knowledge, and generally have a good time.

How Veronica D. Uses Astral Projection to Travel the World for Free

Veronica D., a middle-aged former dancer, crippled in a car accident and permanently confined to the harsh reality of life in a wheelchair, found the ability to project her astral body a true gift from the Gods. Once seriously contemplating taking her own life, she has now found the new reason for living she had needed.

With its magickal help and assistance, she regularly visits each one of the great cities and countries of the world – attends stage shows in London and ballets in New York – and even pays invisible visits to unsuspecting friends and loved ones to keep a check on their private activities, while in the astral state.

You, too, could soon be doing the very same thing!

WHAT HAPPENS WHEN YOU ASTRAL PROJECT

Put simply, when a person astral projects, their consciousness, that part of them which possesses their senses, is released as an amorphous, cloud-like mass of mobile intelligence, while the physical body remains safe and secure upon the bed.

All physical processes continue to function perfectly nor-
nally. The heart keeps on pumping, the lungs continue to
inhal and exhale oxygen, and the body's digestive system
functions at peak efficiency, as the man or woman's awareness
moves about freely — without the restrictions of an individual
physical body with tension to restrict it — to travel unseen
through walls and doors.

During the astral state of being, a person's senses are
heightened, as are their psychic and occult powers. Astral
colors are vivid. Astral sounds are crystal-clear. And
astral realities are much more real than the physical dimension
in which we are now existing.

In one's astral form they are invisible and as light as a
feather, which enables a person to instantaneously cross vast
distances and to observe secret and intimate meetings com-
pletely undetected.

Astral projection of one's consciousness is fun and abso-
lutely the safest occult power one can possess — providing you
take adequate protective measures prior to your extended
astral wanderings beyond the physical plane.

Best of all, upon returning to your physical body you retain
clear and precise memories of everything you saw, heard, and
felt during an evening's astral adventure.

How Eric S. Used Astral Projection to Teach a Peeping
Tom a Lesson

Eric S., a retired army colonel, was greatly concerned by the
tele antics of a neighbourhood Peeping Tom, a teenage youth
living with his father, who had been spying on women from
the window of his bedroom situated on the top floor of his
father's house. The unemployed youth was annoying one
young lady in particular, Eric's niece, but repeated complaints
to the boy's father brought only abuse and humiliation.

Using the occult power of astral projection to spy on the
boogerman in his home, Eric was more than delighted when he
silently watched as the youth took money from his father's
wallet while he was in the shower. Here at last was
something Eric could use against the neighbourhood nuisance.

The next day, Eric made an anonymous phone-call to the
boy's father informing him of the previous night's activities
involving missing and stolen money from his wallet. The
youth was quickly despatched to his uncle's farm in the
country, where the only things to spy on were cows and
horses.

NEW WORLDS AWAIT YOU

A short time from now, you're going to learn the ancient secret
of the Pyramidal Astral Doorway — and how to use it to reach
any destination on earth, and beyond, in a matter of seconds,
while maintaining a state of invisibility to all those around
you. With this forbidden secret knowledge will come
unlimited possibilities. Forget everything you have ever
heard or read about astral projection, for with the new occult
power of the Pyramidal Astral Doorway under your own
conscious control, you will have the potential to experience
sights, sounds, and sensations undreamt of in your wildest
imaginings.

The Pyramidal Astral Doorway is, as the name implies, a
doorway to the Astral Dimension where the realities of past
and future times and alternate worlds co-exist simultaneously.
It is here, in this magickal void, where anything can and does
happen. There is absolutely no limit to the incredible
adventures one can have while in the astral mind of awareness.
No more will you complain that yours is a life darkened with
dullness and monotony.
How Burt R. Used Astral Projection to Make Money Appear at His Feet
Burt R., a keen student of occultism, had a rather unusual astral experience in which he projected to a future time, and discovered various sums of money in the street. Then, one day, he glanced down and saw a twenty pound note lying at his feet. Another time, he was caught in a sudden thunderstorm one summer’s day, after leaving a cinema in the West End. He stood on a street corner trying to hail a taxi. Once again, he chanced to look down and found a wallet lying in the gutter, apparently dropped by some unlucky individual. Taking it in hand he discovered it contained over one hundred pounds!

THE ASTONISHING POWER OF ADVANCED ASTRAL PROJECTION
Certain highly advanced psychics and magickal adepts can actually co-exist in both the astral and material dimensions at the same time without becoming in the least bit disoriented. This is achieved by a form of self-induced trance, similar to the Kundalini exercises in Chapter One. In this way, these special individuals can give amazing accounts of the Astral Dimension while fully conscious of their more mundane surroundings.

How Joyce T. Saved Her Daughter’s Life With the Occult Power of Astral Travel
When Joyce T.’s daughter told her she was planning on taking a working holiday around America, she was utterly distraught. Joyce tried every trick in the book to stop her daughter from leaving, but she was insistent and would not change her plans, though she did agree to keep her mother informed of her movements.
Joyce developed the art of controlled astral projection and in the invisible astral state, spent each night projecting to cities and towns she knew her only child would be visiting. One night as she astrally visited a small mid-western town, she had a horrific astral vision of the hotel in which she knew her daughter was staying, being engulfed in a ball of flame. Terrified shouts for help filled her ears and she instantly returned to the safety of her sleeping form.
She telephoned the hotel and asked to be connected to her room at once. Her daughter’s sleepy voice answered, and Joyce told her of her vision of death. Though she didn’t believe her, she agreed to leave the hotel and take up lodgings in another part of town – just to keep her mother quiet. A few hours later, the first hotel was ripped apart in a gas explosion.

THE OCCULT POWER THAT WILL PROJECT YOU ASTRALLY
It is an act of conscious desire (mind spell) which will, once the separation of physical and metaphysical bodies has taken place, cause projection of your consciousness to predetermined destinations. So, in this way, it is important for you to possess a strong and genuine desire to reach the chosen destination. Without this intense inner wish to succeed, you will still achieve astral projection, though you shall find it to be spontaneous in nature and without any apparent purpose.
Whenever possible, use the Pyramidal Astral Doorway to gain useful information which you can use for your benefit. Also, learn to enjoy, and appreciate, the power to visit foreign lands and famous cities of the world – such as, San Francisco,
New York, Los Angeles, London, Rome, Paris, or even Melbourne in Australia. This is your ticket to the world!

I, and others, have used the power of astral projection to journey to such exotic destinations as Spain, Hawaii, and dear old London. So give it a try – you'll be very glad you did!

Sometimes when you return to your sleeping body, there will be one sudden, violent jerk as the two bodies realign themselves – however, you have absolutely nothing to fear from this physical reaction to occult vibrations, as it is a perfectly normal sensation experienced by many a seasoned traveller.

How Jim H. Received Thousands of Dollars Astrally
Jim H., a rancher from Arizona, had been offered a price for his land by a large development company, but knew that it was worth a lot more. That night, Jim astrally visited the firm’s local agent while he slept in bed. Jim projected his desire for several thousand more for his property to the sleeping man. At the next meeting, however, the agent suddenly offered Jim the desired amount of money.

THE PYRAMIDIC ASTRAL DOORWAY RITUAL

Part 1: (A) Used to induce projection of the astral body during the hours of sleep.

Pyramid Power Magick Incantation
AUM – A – NU – BIS – AUM

This Pyramid Power Magick Incantation should be repeated nine times for a period of nine days. If the desired results are not realized and experienced during this period, repeat nine times for an additional nine days, or until such time your Personal Pyramid Astral Doorway is sufficiently energized to induce projection of the astral body onto the Astral at will.

This ancient Rite will project you onto the Astral Plane in no time at all – but there are one or two pieces of business which you have to attend to first. Decide on exactly where it is you wish to journey and write this target site down on a piece of paper and read it through, as this will help to sensitize your astral mind to the chosen destination for that night. Remember, you must have a genuine desire to be at your chosen predetermined destination to ensure a successful outcome to the Ritual. Also, until you become skilled in astral projection, keep your initial journeys short, selecting no more than a few feet from the bed in which you sleep. You are now ready to begin.

Begin the Ritual by closing your eyes and relaxing.

Use the mind's psychic third-eye, your invisible occult power eyes, to visualize your Personal Pyramid Power Generator. Visualize it as vividly and clearly as possible. You should be laying in bed as you do this piece of creative imaging.

Concentrate on its interior.

It will be dark, and then begin to fill with a bright, white light.

Visualize this light flowing down and around you. Continue until it fills the interior of your Personal Pyramid Power Generator with white glowing light.

Recite the Pyramid Power Magick Incantation a total of nine times.

As you recite the Incantation, which can be done either verbally or mentally, imagine the brilliant white light all around you is changing and becoming an exotic terracotta-
colored light, as you invoke ancient vibrations of occult power.

Concentrate on this exotic, terracotta light, visualize it clearly, and watch as it begins to throb and pulsate with the magickal energies of Pyramid Power.

Intone:

"Hear me, Anubis and Nebhet, Thou guardians of the Astral Void, I command Thee to grant me a free and unobstructed entry into Thy domain – so that I may become invisible to others. The glory of Osiris commands Thee. So shall it be forever more."

Now as you lay for a few minutes, enjoying the positive vibrations, imagine a doorway has appeared in the midst of the terracotta-colored energy field filling the interior of your Personal Pyramid Power Generator. Imagine a blue sky filled with white, fluffy clouds existing on the other side of the doorway.

You have just created your Personal Pyramidal Astral Doorway.

Now, using your heightened powers of creative imaging, imagine your astral body floating upwards and outwards from your physical body, and cut through the doorway of your Personal Pyramid Astral Doorway. You should do this for a total of five minutes.

It is at this point that you must focus your complete attention on the Ritual – and what it is you wish to achieve. No other thoughts must be allowed to enter your mind. Concentrate entirely upon your desire to project astrally and how the Ritual will do this easily and quickly.

Hold the image of your Personal Pyramid Astral Doorway firmly and securely in your mind as you drift off to sleep, and in one exciting moment you will realize that you are no longer in your sleeping body upon the bed – but in the astral state of being. You may even be standing staring at the wall or floating below the ceiling of your bedroom, or even be with Anubis! This fact will so startle you, that you'll zip back to your physical body and awaken with a sudden jolt.

From this first simply piece of astral projection, you can lengthen your astral excursions to infinity and beyond.

Note: For best results, the Ritual should be used to reach only one destination at a time. Using the Ritual to reach more than one destination at a time, will tend to weaken the astral inducing properties of the Ritual.

How an Astral Dream Saved Thomas M. From Experiencing Great Physical Pain

Thomas M. had a recurring vivid nightmare that he was walking through a house infested with large black spiders. The spiders never seemed like they were ever going to bite him, but in one such nightmare a spider did crawl up his leg and positioned itself on his side. He awakened, bathed in sweat, with a feeling of unease, as he fancied he could feel the big spider still on him. Because of this one particular nightmare, Thomas visited his doctor and asked for an examination. As a result of this, an accumulation of kidney stones were discovered and removed before pain or discomfort was experienced. This was an astral dream.
THE WORLD OF ASTRAL DREAMING

Often, while you are in the astral state of awareness, you will experience astral dreams similar to the one experienced by Thomas which contain messages and occult guidance relative to future life experiences. Some of the common symbols contained in an astral dream are as follows:

* A telephone or a letter could indicate that you will soon give or receive an important message.
* A wedding ring symbolizes a coming together in either your personal or business affairs.
* A car, airplane, train or ocean liner could indicate your travel desires will soon be realized.
* A dog or a cat usually predicts the forming of a new friendship with either a man (dog) or a woman (cat). If the animal bites or scratches you, it could warn of an approaching time of trouble involving a friend.
* A calendar is an indication of an important future event. Take special note of any date which is circled as this is an indication of the number of days, weeks, or months due to pass before the occurrence of the predicted event.
* A balloon indicates mystical experiences which will raise you to higher levels of enlightenment.

You will now be shown how to receive such psychic and intuitive guidance on matters important to you, through invoking the magickal help and assistance of Nebhet, Mother of Anubis.

The Rite should be performed just prior to sleep.

THE NEBHET PSYCHIC GUIDANCE RITUAL

Part 2: (B) Used to receive astral dreams of future happenings and psychic guidance.

Pyramid Power Magick Incantation

AUM – NEB – HET – AUM

This Pyramid Power Magick Incantation should be repeated nine times for a period of nine days. If the desired results are not realized and experienced during this period, repeat nine times for an additional nine days, or until such time your Personal Pyramidal Power Generator is sufficiently energized to draw prophetic visions and dreams of future happenings into your psyche.

Begin the Ritual by closing your eyes and relaxing.

Use the mind’s psychic third-eye, your invisible occult power eyes, to visualize your Personal Pyramid Power Generator. Visualize it vivid and as clearly as possible.
Concentrate on its interior. It will be dark, and then begin to fill with a bright, white light. Visualize this light flowing down and around you. Continue until it fills the interior of your Personal Pyramid Power Generator with white glowing light.

Recite the Pyramid Power Magick Incantation a total of nine times.

As you recite the Incantation, which can be done either verbally or mentally, imagine the brilliant white light all around you is changing and becoming a beautiful pale green light, as you say the words of the Incantation to Nebhet. Concentrate on the beautiful, pale green light, visualize it clear, and watch as it begins to throb and pulsate with the ancient powers of Pyramidal Energy.

Intone:
“Gentle Nebhet, Thou who art the mother of Anubis, I call to Thee in the stillness of the night with a plea in my heart. I beseech Thee to send to me, the knowledge by which Thy nocturnal messages and whisperings shall be made clear to me. So will it be, if it be Thy will, Nebhet, Goddess of Night.”

Now as you lay enjoying the positive vibrations of the Ritual and the gentle sensations flowing to you from Nebhet, drift off to sleep with your desires firmly in mind. It is at this point in the process that you must focus your complete attention on the Ritual, and what it is you wish to achieve. Let no other thoughts enter your mind. As you gently drift off to sleep, concentrate entirely upon your desire to receive psychic and intuitive guidance through your dreams and it most assuredly shall happen.
